

LOUISIANA BOARD OF REGENTS 2006-2007 INSTITUTIONAL REPORT FOR THE PREPARATION OF TEACHERS DILLARD UNIVERSITY

Message from the Commissioner:

The annual Board of Regents Institutional Report for the Preparation of Teachers, begun in 2002, is a fundamental component of Louisiana's nationally-recognized effort to enhance the quality of its public and private teacher education programs. Given the universally acknowledged impact of educational attainment on economic development, this report takes on even greater significance as Louisiana continues its recovery from the storms of 2005. Teacher preparation programs across Louisiana have continued to exhibit extraordinary efforts as they have addressed the emotional and academic needs of their teacher candidates. I am confident that this effort is helping to move Louisiana closer to our goal of providing a caring, competent teacher for every student in every classroom every year.

E. Joseph Savoie
Commissioner of Higher Education

students, and 14 foreign students. Among students enrolled in the undergraduate program, 1,120 were black, 1 was white, and 3 were other races.

Accreditation and Approval of Teacher Preparation Program

The university is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools (SACS). - The Division of Educational & Psychological Studies had its largest number of teacher education graduates.
- Teacher education candidates participated in the Undergraduate Research Program Poster session.
- The student teachers held the annual showcasing of their electronic portfolios at the Hilton Hotel.
- The Division collaborated with universities in California, Alabama, Louisiana and Mississippi to offer student teaching placements during the Katrina semester.
- Best Buddies Dillard, an organization for adults with intellectual disabilities matched with college students, has been granted a charter.

LOUISIANA BOARD OF REGENTS 2006-2007 TEACHER PREPARATION ACCOUNTABILITY SYSTEM

OVERVIEW

In compliance with the Higher Education Act of 1998, Louisiana created a Teacher Preparation Accountability System to assess the performance of teacher preparation programs within the state. During the first phase (2001-2002) of the accountability system, the performance of the regular and alternate certification students on the state teachers' examination (PRAXIS) was assessed. During subsequent phases (2002-2003, 2003-04, and 2004-05), the quantity of program completers at each institution and the performance of each institution (e.g., performance of regular and alternate certification students on the state teachers' Praxis examinations and ratings by teachers of their teacher preparation programs) were assessed. In the future, additional factors will be assessed to examine such areas as ratings of programs by first year teachers' mentors and growth of learning of students taught by new teachers. The purpose of this accountability system is to clearly demonstrate to the public that all universities and colleges in Louisiana are working diligently to produce quality teachers who work effectively with PK-12 students.

During 2005-06, it was not possible to implement the Teacher Preparation Accountability System due to the closure of universities and schools in Louisiana and the inability to collect data from displaced teachers and mentors due to Hurricane Katrina and Hurricane Rita. A decision was made to revise the Teacher Preparation Accountability System during 2006-07. Quantity and PRAXIS examination passage rate data have been collected and are being disseminated to the public in the *2005-06 Institutional Reports for the Preparation of Teachers* and *2006-07 Institutional Reports for the Preparation of Teachers*. These reports can be found on the Board of Regents web site at: <http://asa.regents.state.la.us/TE/reports/2006>. The documents provide an overview of the quantity of program completers and the passage rates of program completers at individual universities.

- ¹ The number of program completers found, matched and used in the passing rate calculation will not equal the sum of the column labeled "Number Taking Assessment" since a completer can take more than one assessment.
- ² Institutions and/or States did not require the assessments within an aggregate where data cells are blank.
- ³ Number of completers who took one or more tests in a category and within their area of specialization.
- ⁴ Number who passed all tests they took in a category and within their area of specialization.
- ⁵ Summary Totals and Pass Rate: Number of completers who successfully completed one or more tests across all categories used by the state for licensure and the total passrate.
