On motion of Ms. Despino, seconded by Ms. Million, the Proprietary Schools Advisory Commission unanimously adopted the minutes of the November 12, 2019 Proprietary Schools Advisory Commission meeting.

The next agenda item considered by the Commission was four initial license applications, the first from Hospitality Opportunity and Service Training (HOST) Program, located in Baton Rouge, Louisiana, and represented by the school’s Executive Director, Mr. Charles E. Robertson, and School Director, Ms. Angela Davis Robertson. Ms. Kron reviewed the materials of this non-profit corporation for the Commission members, informing them that
this institution was proposing to offer seven (7) programs in the hospitality and guest service areas: Guestroom Attendant (Hybrid) -- 27.0 clock hours, Restaurant Server (Hybrid) -- 26.0 clock hours, Kitchen Cook (Hybrid) -- 30.0 clock hours, Breakfast Attendant (Hybrid) -- 27.0 clock hours, Maintenance Employee (Hybrid) -- 30.0 clock hours, Front Desk Representative (Hybrid) -- 26.0 clock hours, and Guest Service Gold Tourism (Hybrid) -- 24.0 clock hours. Each program was designed to be completed in five weeks. The Hospitality Opportunity and Service Training (HOST) Program had met all the legal and administrative requirements to be approved for an initial license.

Following further discussion regarding the reasons for opening a school and the administrators’ backgrounds, the planned cultivation of industry-based partnerships to assist with job placement opportunities for graduates, the offering of entry-level training programs with the opportunity for career advancement, and the marketing strategies of the institution,

On motion of Ms. Million, seconded by Ms. Despino, the Proprietary Schools Advisory Commission unanimously recommends that the Board of Regents approve an initial operating license for Hospitality Opportunity and Service Training (HOST) Program, located in Baton Rouge, Louisiana.

The second initial license application considered by the Commission was from LifeShare Phlebotomy School, located in Shreveport, Louisiana, and represented by Ms. Margaret M. Plunkett, Chief Administrative Officer, and Mr. Catalin Hrisafi-Josan, Director of Education and Training. The school is owned by the non-profit corporation, LifeShare Blood Center, that is located in Shreveport and has the distinction of being one the oldest blood banking facilities in the United States. Ms. Marabella reviewed the materials for the Commission,
informing it that this institution would be offering one program of study, Phlebotomy Technician, which is 120 clock hours in length with an anticipated completion time of six weeks. LifeShare Phlebotomy School had met all the legal and administrative requirements to be approved for an initial license.

Following further discussion regarding the history of the parent company, the employment of instructors who are specialized in specific subject matter, the documented need of phlebotomists statewide, competition within the market area, and the reason for opening a school with a focus on job readiness for the graduate,

This proposed location in Knoxville will be Remington College’s fourth licensed school in Louisiana, joining locations in Baton Rouge, Lafayette, and Shreveport. Remington College’s Knoxville Campus is required to be licensed in Louisiana since the institution will have a physical presence in Louisiana supported by a recruiter and potential clinical sites. Ms. Marabella reviewed the materials for the Commission members, relating that the three proposed programs of study are Computer-Aided Design and Drafting (Online) -- 59.0 quarter credit hours/960.0 clock hours/48.0 weeks; Medical Assisting (Hybrid) -- 43.0 quarter credit hours/760.0 clock hours/9.0 months; and

The fourth and final initial license application considered by the Commission was from Success Prep, LLC, located in Monroe, Louisiana, and represented by the school’s Co-Owner/President/Campus Director, Mr. Anthony L. Allen, and Ms. Adrienne Jackson, Co-Owner/Program Director/Instructor. Ms. Marabella reviewed the materials for the Commission, informing it that this institution would be offering the Medical Billing and Coding program in three separate methods of delivery--onsite, online, and hybrid. The length of the program is 1,400.0 clock hours with an anticipated completion time of 12.0 months. Success Prep, LLC, had met all the legal and administrative requirements to be approved for an initial license.

Following further discussion regarding the professional background of the owners, the educational philosophy reflected in the development of the curriculum, enrollment criteria, marketing strategies, the minimum tuition revenue necessary for solvency, competition within the school’s geographical area, and the opportunity for graduates to test for professional certification upon successful completion of the program.
