LOUISIANA GUIDE TO COMPLETE THE USDE TITLE II INSTITUTION AND PROGRAM REPORT CARD

Prepared by the Louisiana Board of Regents

March 25, 2023

PURPOSE OF GUIDE

The purpose of this guide is to help teacher preparation programs in Louisiana possess a similar interpretation of the language within the USDE Title II Report to respond accurately to items.

The guide first provides the language found on the USDE Title II Report website. The guide then provides advice from the BoR/LDOE about each item. The advice has been generated by obtaining input from teacher preparation programs, observing incorrect interpretations by some programs when entering data in the past, and obtaining responses from the USDE for questions that have been asked by programs and the BoR/LDOE in the past.

Please carefully follow the advice when completing the different sections of the report. The USDE compiles charts based on individual campus responses and sends the charts to the BoR/LDOE during the summer/fall of each year. The State examines the charts to identify programs that did not enter the information accurately, and programs must then resubmit the information. It is less time-consuming for everyone if a similar interpretation is used by everyone when entering the data for the first time. For that reason, please follow the BoR/LDOE advice that has been provided for the different sections of the report.

All Non-University Providers and Tulane University should only fill out reports for Alternative 2021-22 programs. All other universities should fill out information for Traditional 2021-22 programs and reports for Alternative 2021-22 programs. The same questions are asked in each type of report.

INSTITUTION INFORMATION

IPEDS ID

THIS INSTITUTION HAS NO IPEDS ID

IF NO IPEDS ID, PLEASE PROVIDE AN EXPLANATION

USDE definition of IPEDS ID in Glossary of Terms:

IPEDS is the Integrated Postsecondary Education Data System. It is a system of interrelated surveys conducted annually by the U.S. Department of Education's National Center for Education Statistics (NCES). IPEDS gathers information from every college, university, and technical and vocational institution participating in federal student financial aid programs. Users who need to learn their IPEDS ID may search for their institution at <https://nces.ed.gov/collegenavigator/>. Teacher preparation providers not based in a college, university, or technical or vocational institution participating in the federal student financial aid programs may not have an IPEDS ID. They can indicate that in the available text box.

Advice from BoR & LDOE:

All universities have an IPEDS ID. If a teacher preparation program does not know their IPEDS ID, they can use the URL provided above to determine the IPEDS ID. If Non-university Providers do not have IPEDS IDs, they need to check the box that says the institution does not have an IPEDS ID and provide an explanation.

SECTION 1: PROGRAM INFORMATION

List of Programs

USDE Description:

List each program for an initial teaching credential below and indicate whether it is offered at the Undergraduate level (UG), Postgraduate level (PG), or both.
(\$205(a)(C))

Key Terms: teacher preparation program

Note: This section is preloaded with the list of programs reported in the prior year's IPRC.

CIP Code	Teacher Preparation Programs	UG, PG, or Both	Update
			<input type="checkbox"/> Edit <input type="checkbox"/> Delete
	<input type="text"/>	<input type="radio"/> UG <input type="radio"/> PG <input type="radio"/> Both	<input type="checkbox"/> Insert <input type="checkbox"/> Cancel

Total number of teacher preparation programs:

Advice from BoR & LDOE:

The USDE will preload the list of programs that institutions identified last year as being offered by their institutions. If institutions stop offering programs during 2021-2022, the institution needs to click "Delete" in the fourth column (i.e., Update) beside the program name. Suppose institutions begin offering new programs during 2021-2022. In that case, the institution needs to go to the blank box at the bottom of the second column, click on the arrow in the blank box, and use the list of names provided by the USDE to select the name of the new program. Depending upon the type of program, click on UG (i.e., undergraduate) or PG (i.e., alternate) in the third column, and click on "Insert" in the fourth column (i.e., Update) for the new program to be inserted in the List of Programs. All institutions must now use the CIP Codes provided by the USDE when listing their programs. All programs approved by BESE for implementation during 2021-22 should be shown. Programs being phased out that have completers should also be shown.

Some of the CIP Codes identified by the USDE are not the same CIP Codes that Louisiana universities use for the Louisiana Board of Regents (BoR) Degree Inventory. All universities must have USDE CIP Codes for the USDE List of Programs, not the Louisiana BoR CIP Codes.

To help institutions select the appropriate name and CIP Code from the USDE teacher preparation categories, a chart can be found in Appendix A that shows the alignment between the BESE Certification Areas and the USDE categories to identify programs for the List of Programs section of the Title II Institution and Program Report Card. All institutions should use this chart when listing their programs.

Institutions will need to list all their foreign language certifications one time as "Teacher Education – Foreign Languages," all of their middle school certifications one time as "Junior High/Intermediate/Middle School Education and Teaching," both music certifications one time as "Teacher Education – Music," and all of their special education certifications one time as "Teacher Education – Special Education."

Institutions will need to list their "Health and Physical Education" certification as "Teacher Education – Health" and also as "Teacher Education – Physical Education and Coaching."

Institutions will need to list Environmental Science, Journalism, and Marketing in the "Education – Other Specify:" category as the following:

Education – Other Specify: Teacher Education - Environmental Science (CIP Code: 13.99)

Education – Other Specify: Teacher Education - Journalism (CIP Code: 13.99)

Education – Other Specify: Teacher Education - Marketing (CIP Code: 13.99)

Institutions will need to count the total number of programs listed and record the number in the box that says: Total number of teacher preparation programs.

Institutions need to use the "Contextual Information" section of the Traditional Report and Alternative Report to identify the different foreign language programs, different types of middle school programs, different types of music programs, and different types of special education programs offered by the institution.

Traditional Institution Report:

Universities are asked to indicate "UG," "PG," or "Both" beside each teacher preparation category they identify as being offered at their institution. Universities with undergraduate programs should only type "UG" beside each program name. All universities in Louisiana ONLY offer undergraduate programs at the undergraduate level. No institution offers a postgraduate program at the undergraduate level.

Example for Traditional Programs:

CIP Code	Teacher Preparation Programs	UG, PG, or Both	Update
13.1210	Teacher Education – Elementary Education	UG	<input type="checkbox"/> Insert <input type="checkbox"/> Cancel

Alternative Institution Report:

Institutions are asked to indicate "UG," "PG," or "Both" beside each teacher preparation category they identify as being offered at their institution. Institutions should only identify "PG" beside each name for all institutions in Louisiana ONLY offer alternate programs at the postgraduate level. No institution offers an alternate program at an undergraduate level.

The process being used by the USDE to list programs only allows institutions to indicate if they offer more than one pathway for Alternate certification. Institutions need to use the "Contextual Information" section of the Alternative Report to describe their pathways.

Example for Alternative Programs:

CIP Code	Teacher Preparation Programs	UG, PG, or Both	Update
13.1322	Teacher Education – Biology	PG	<input type="checkbox"/> Insert <input type="checkbox"/> Cancel

SECTION 1: PROGRAM INFORMATION

Program Requirements

Undergraduate Requirements

1. Are there initial teacher certification programs at the undergraduate level?

- Yes
- No

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the undergraduate level. If no, leave the table below blank (or clear responses already entered), then click save at the bottom of the page.

Element	Admission	Completion
Transcript	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Fingerprint check	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Background check	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Minimum number of courses/credits/semester hours completed	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Minimum GPA	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Minimum GPA in content area coursework	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Minimum GPA in professional education coursework	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Minimum ACT score	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Minimum SAT score	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Minimum basic skills test score	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Subject area/academic content test or other subject matter verification	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Recommendation(s)	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Essay or personal statement	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Interview	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Other Specify:	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No

2. What is the minimum GPA required for admission into the program? (Leave blank if you indicated that a minimum GPA is not required in the table above.)

3. What is the minimum GPA required for completing the program? (Leave blank if you indicated that a minimum GPA is not required in the table above.)

4. Please provide any additional comments about the information provided above:

Postgraduate Requirements

1. Are there initial teacher certification programs at the undergraduate level?

- Yes
- No

If yes, for each element listed below, indicate if it is required for admission into or exit from any of your teacher preparation program(s) at the undergraduate level. If no, leave the table below blank (or clear responses already entered), then click save at the bottom of the page.

Element	Admission	Completion
Transcript	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Fingerprint check	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Background check	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Minimum number of courses/credits/semester hours completed	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Minimum GPA	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Minimum GPA in content area coursework	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Minimum GPA in professional education coursework	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Minimum ACT score	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Minimum SAT score	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Minimum basic skills test score	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No

Subject area/academic content test or other subject matter verification	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Recommendation(s)	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Essay or personal statement	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Interview	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No
Other Specify:	<input type="checkbox"/> Yes <input type="checkbox"/> No	<input type="checkbox"/> Yes <input type="checkbox"/> No

2. What is the minimum GPA required for admission into the program? (Leave blank if you indicated that a minimum GPA is not required in the table above.)

3. What is the minimum GPA required for completing the program? (Leave blank if you indicated that a minimum GPA is not required in the table above.)

4. Please provide any additional comments about the information provided above:

Advice from BoR & LDOE:

This section may seem confusing. Please remember that traditional programs in Louisiana ONLY offer teacher certification at the undergraduate level. Alternative programs in Louisiana ONLY offer teacher certification programs at the postgraduate level.

1. Reports for Traditional Programs

If you are filling out a report for Traditional programs, your responses should be the following:

a. Undergraduate Requirements

**Are there initial teacher certification programs at the undergraduate level?
YES**

All of Louisiana's traditional programs are Traditional Undergraduate. Your "Yes" response will require you to say "Yes" or "No" if your programs use the elements listed as candidates enter and exit your programs.

Postgraduate Requirements

Are there initial teacher certification programs at the postgraduate level?

NO

Louisiana does NOT have any Traditional Postgraduate programs. Your "No" response means that you DO NOT have to answer the questions listed below the question.

b. All Traditional "Initial Teacher Certification Programs at the Undergraduate Level"

Due to state policies, "Yes" should be typed in the following boxes by ALL universities that offer undergraduate programs.

Element	Admission	Completion
Minimum GPA	Yes	Yes

1. Reports for Alternative Programs

If you are filling out a report for Alternative programs, your responses should be the following:

a. Are there initial teacher certification programs at the undergraduate level?
NO

Louisiana does NOT have any Alternative Undergraduate programs. Your "No" response means that you do NOT have to respond to the elements that will be listed.

Are there initial teacher certification programs at the postgraduate level?
YES

All of Louisiana's alternative programs are Alternative Postgraduate. Your "Yes" response will require you to respond Yes or No to the listed elements.

All Alternative "Initial Teacher Certification Programs at the Postgraduate Level"

"Yes" should be typed in the following boxes due to State policies that impact all Alternative Postgraduate programs.

Element	Admission	Completion
Minimum GPA	Yes	Yes
Subject area/academic content test or other subject matter verification	Yes	Yes
Other: Bachelor's Degree or Higher	Yes	Yes

- b. Calculation of GPA.** The USDE only requires institutions to report the GPA required for admission and completion of programs. Institutions are no longer required to report the median GPA of program completers.

SUPERVISED CLINICAL EXPERIENCE

USDE Description:

Provide the following information about supervised clinical experience in 2021-22.

Are there programs with student teaching models?

- Yes
- No

If yes, provide the next two responses. If no, leave them blank.

Programs with student teaching models (most traditional programs)	
Number of clock hours of supervised clinical experience required prior to student teaching	
Number of clock hours required for student teaching	

Are there programs in which candidates are the teacher of record?

- Yes
- No

If yes, provide the next two responses. If no, leave them blank.

Programs in which candidates are the teacher of record in a classroom during the program (many alternative programs)	
Number of clock hours of supervised clinical experience required prior to teaching as the teacher of record in a classroom	
Number of years required for teaching as the teacher of record in a classroom	

If there are no programs with a student teacher model or teacher of record model, please describe the teaching model(s) used:

All Programs	
Number of full-time equivalent faculty supervising clinical experience during this academic year (IHE staff)	
Optionaltool for automatically calculating full-time equivalent faculty in the system	
Number of adjunct faculty supervising clinical experience during this academic year (IHE staff)	
Number of cooperating teachers/K-12 staff supervising clinical experience during this academic year	
Number of students in supervised clinical experience during this academic year	

Please provide any additional information about or descriptions of the supervised clinical experiences:

*Note: When clicking on the **Optionaltool**, the following will appear:*

*Optional tool for automatically calculating full-time equivalent faculty in the system
 Enter the number of faculty supervising clinical experience who are employed full-time (100%) by the IHE, the number of faculty supervising clinical experience who are employed half-time (50%) by the IHE, and, for any other part-time faculty supervising clinical experience, indicate the number of faculty and the percentage that represents the part-time employment rate for those faculty members (for example, a 25% for a faculty member employed at a quarter of the time compared a full-time faculty member).*

<i>Employment rate</i>	<i>Number of faculty</i>
<i>100% (Employed full time)</i>	
<i>50% (Employed half time)</i>	
<i>Ex. 75%</i>	
<i>Ex. 25%</i>	
NUMBER OF FULL TIME EQUIVALENT FACULTY SUPERVISING CLINICAL EXPERIENCE	<i>[Auto-generated]</i>

Advice from BoR & LDOE:

Louisiana now requires all institutions to offer “one-year residencies” instead of one semester of student teaching to replace previous “student teaching” requirements. One-year residencies take place in classrooms under the direct supervision of full-time teachers who are the teachers of record.

Thus, institutions need to answer “NO” to the question about student teaching.

If institutions offer an undergraduate program, they should type the explanation below about one-year residencies for the statement: “Please provide any additional information about or descriptions of the supervised clinical experiences.”

Suppose institutions offer an alternative program and provide an option of completing a one-year residency. In that case, they should also type the explanation provided below for the statement that says: “Please provide any additional information about or descriptions of the supervised clinical experiences.”

When Title II asks questions about “teacher of record,” institutions need to provide information about alternative candidates who themselves serve as full time teachers as the teachers of record. Title II items for teacher of record pertain to alternative candidates who are the teacher of record. BESE policy **DOES NOT** require clinical experiences **prior to the first day of teaching as a teacher of record** which is one of the questions being asked by Title II.

1. Undergraduate

The USDE requires institutions to respond with a Yes or No to questions regarding whether they offer programs with student teaching or if their candidates are the teacher of record.

For Undergraduate programs, institutions should respond "No" to the question "Are there programs with student teaching models?"

➤ **Number of clock hours of supervised clinical experience required prior to student teaching**

For undergraduate programs, institutions do not need to respond to this question since they said "No" for Student Teaching.

➤ **Number of clock hours required for student teaching.**

For undergraduate programs, institutions do not need to respond to this question since they said "No" for Student Teaching.

Are there programs in which the candidates are the teacher of record?

For undergraduate programs, institutions should respond "No" to the question "Are there programs in which candidates are the teacher of record?"

Programs in which candidates are the teacher of record in a classroom during the program (many alternative programs)

➤ **Number of clock hours of supervised clinical experience required prior to teaching as a teacher of record in a classroom**

For undergraduate programs, institutions do not need to respond to this question since they said "No" to the questions about teacher of record.

➤ **Years required of teaching as the teacher of record in a classroom.**

For undergraduate programs, institutions do not need to respond to this question since they said "No" to the questions about teacher of record.

All Programs

Provide the numbers of full time equivalent faculty, adjunct faculty, cooperating teachers/K-12 staff, and students in supervised clinical experiences during this academic year. An **Optional tool** is provided on the Title II website to assist with calculations.

➤ **Number of full-time equivalent faculty supervising clinical experience during this academic year (IHE staff)**

➤ **Number of adjunct faculty supervising clinical experience during this academic year (IHE staff)**

➤ **Number of cooperating teachers/K-12 staff supervising clinical experience during this academic year.**

➤ **Number of students in supervised clinical experience**

The response should be the number of traditional candidates who completed all their one-year residencies between the dates of September 1, 2021, and August 31, 2022. The number should NOT include candidates who completed just one semester/quarter of their one-year residencies.

If candidates in old programs completed student teaching as previously defined, they should also be included in the count.

Please provide any additional information about or descriptions of the supervised clinical experiences:

All institutions that offer "one-year residencies" need to type the following additional

information in this section of the report.

"The following pertains to an option of "one-year residencies" that are offered for Alternate candidates under the direct supervision of a certified teachers. The Louisiana Board of Elementary Education's *Bulleting 996: Standards for Approval of Teacher Preparation and/or Educational Leader Preparation Programs* states that all Traditional Teacher Preparation Programs must have candidates complete a one-year residency in a public or approved non-public school classroom in the certification area with a teacher of record who holds a valid level 1, 2, 3, type A, or type B teaching certificate in the area for which the candidate is pursuing certification. For certification in B-K, PK-3, 1-5, or 1-5 integrated to merged, candidates must spend a minimum of 80 percent of the residency school site's instructional time each week engaged in residency activities. For certification in K-12, 4-8, 6-12, 4-8 integrated to merged or 6-12 integrated to merged, candidates must spend a minimum of 60 percent of the residency school site's instructional time each week in the first semester and 80 percent of the residency school site's instructional time each week in the second semester engaged in residency activities. Teacher preparation providers may seek approval to offer an innovative residency model that does not meet the minimum instructional time requirements but meets a specific workforce need and includes high-quality clinical experiences throughout the program and intensive clinical experiences throughout the residency year."

If institutions have been approved to offer "Innovative Models," they should also type information about their models in this section.

2. Alternative

The USDE requires institutions to respond with a Yes or No to questions regarding whether they offer alternative programs with student teaching or if their candidates are the teacher of record.

Are there programs with student teaching models?

For alternative programs, institutions should respond "No" to the question "Are there programs with student teaching models?" if they offer one-year residencies.

Alternate programs who offer teacher of record as an option should also respond "No" to this question.

Programs with student teaching models (most traditional programs)

➤ Number of clock hours of supervised clinical experience required prior to student teaching

For alternative programs who do offer one-year residencies under the direct supervision of a certified classroom teacher, institutions do not need to respond

to this question since they said "No" for student teaching.

➤ **Number of clock hours required for student teaching.**

For alternative programs who do offer one-year residencies under the direct supervision of a certified classroom teacher, institutions do not need to respond to this question since they said "No" for student teaching.

Are there programs in which the candidates are the teacher of record?

For alternative programs, institutions should respond "Yes" to this question if their candidates serve as the teacher of record in a classroom.

If alternative programs do not offer the teacher of record option, they should say "No" to this question.

Programs with student teaching models (most traditional programs)

➤ **Number of clock hours of supervised clinical experience required prior to student teaching**

For alternative programs that said "No" to the question about student teaching, they do not have to answer this question.

➤ **Number of clock hours required for student teaching.**

For alternative programs that said "No" to the question about student teaching, they do not have to answer this question.

Programs in which candidates are the teacher of record in a classroom during the program (many alternative programs)

➤ **Number of clock hours of supervised clinical experience required prior to teaching as a teacher of record in a classroom**

The BoR has informed institution that when Title II asks questions about teacher of record, institutions need to provide information about alternative candidates who themselves serve as full time teachers as the teachers of record.

BESE policy **DOES NOT** require clinical experiences **prior to the first day of teaching as a teacher of record** which is the question being asked by Title II. Thus, an institution needs to type "0" clock hours if candidates start their course work and/or supervised clinical experiences at the same time they start teaching as a teacher of record or after they begin teaching as the teacher of record.

BESE policy does require a minimum of a one-year residency and alternative candidates do need training prior to the one-year residency. However, this question is **NOT** asking about one-year residencies.

If there are clinical experiences prior to being the teacher of record, the institution should calculate the number of required clock hours of supervised clinical experience prior to becoming the teacher of record for each program and calculate the overall average. As an example, the Grades 1-5 program may require a minimum of 40 clock hours during the summer prior to the candidate being the teacher of record, the Grades 6-12 programs require a minimum of 30 clock hours, and the Grades K-12 programs require a minimum of 35 clock hours. The average for all types of programs may be 35 clock hours prior to the candidates being the teacher of record. The campus will list 35 clock hours.

This minimum number of clock hours for each program should include actual teaching in school settings, observations, teacher support in the classroom, professional development at the school, and other site-based activities. It should NOT include university instruction.

➤ **Years required of teaching as the teacher of record in a classroom.**

If providing the option of candidates being a teacher of record, identify the number of years required as teacher of record for a candidate to complete a program. Since BESE requires a one-year residency for all alternate candidates who are the teacher of record, a minimum of one year should be listed for this item.

All Programs

Provide the numbers of full time equivalent faculty, adjunct faculty, cooperating teachers/K-12 staff, and students in supervised clinical experiences during this academic year. An **Optional tool** is provided on the Title II website to assist with calculations.

- **Number of full-time equivalent faculty supervising clinical experience during this academic year (IHE staff)**
- **Number of adjunct faculty supervising clinical experience during this academic year (IHE staff)**
- **Number of cooperating teachers/K-12 staff supervising clinical experience during this academic year.**
- **Number of students in supervised clinical experience**

The response should be the number of traditional candidates who completed all their one-year residencies between the dates of September 1, 2021, and

August 31, 2022. The number should NOT include candidates who completed just one semester/quarter of their one-year residencies.

If candidates in old programs completed student teaching as previously defined, they should also be included in the count.

The number of students in supervised clinical experiences should also include individuals that your university supervised as they completed three years of teaching experience (instead of student teaching/residency/internship). Do **NOT** count program completers if they completed three years of experience in place of student teaching/residency/internship and institutions did **NOT** supervise them and did **NOT** count them as program completers.

Please provide any additional information about or descriptions of the supervised clinical experiences:

All institutions that offer one-year residencies need to type the following additional information in this section of the report.

"The following pertains to an option of "one-year residencies" that are offered for alternative candidates under the direct supervision of a certified teachers. The Louisiana Board of Elementary Education's *Bulleting 996: Standards for Approval of Teacher Preparation and/or Educational Leader Preparation Programs* states that all Traditional Teacher Preparation Programs must have candidates complete a one-year residency in a public or approved non-public school classroom in the certification area with a teacher of record who holds a valid level 1, 2, 3, type A, or type B teaching certificate in the area for which the candidate is pursuing certification. Alternative programs may also offer this as an option. For certification in B-K, PK-3, 1-5, or 1-5 integrated to merged, candidates must spend a minimum of 80 percent of the residency school site's instructional time each week engaged in residency activities. For certification in K-12, 4-8, 6-12, 4-8 integrated to merged or 6-12 integrated to merged, candidates must spend a minimum of 60 percent of the residency school site's instructional time each week in the first semester and 80 percent of the residency school site's instructional time each week in the second semester engaged in residency activities. Teacher preparation providers may seek approval to offer an innovative residency model that does not meet the minimum instructional time requirements but meets a specific workforce need and includes high-quality clinical experiences throughout the program and intensive clinical experiences throughout the residency year."

If institutions have been approved to offer "Innovative Models," they should also type information about their models in this section.

SECTION I: PROGRAM INFORMATION

Enrollment and Program Completers

USDE Description:

In each of the following categories, provide the total number of individuals enrolled in teacher preparation programs for an initial teaching credential and the subset of individuals enrolled who also completed the program during the academic year.

2021-22 Total	
Total Number of Individuals Enrolled	
Subset of Program Completers	

Gender	Total Enrolled	Subset of Program Completers
Male		
Female		
Non-Binary/Other		
No Gender Reported		
Race/Ethnicity	Total Enrolled	Subset of Program Completers
American Indian or Alaska Native		
Asian		
Black or African American		
Hispanic/Latino of any race		
Native Hawaiian or Other Pacific Islander		
White		
Two or more races		
No Race/Ethnicity Reported		

Advice from BoR & LDOE:

The numbers in this section must be the same as the numbers that institutions entered on the ETS website for candidates classified as "Other Enrolled," "All but Clinical," and "Completed." Candidates who are NOT listed on the ETS website should not be included in the count.

When providing the numbers this year, "Total Enrolled" Candidates are all 2021-22 candidates listed as "All but Clinical," "Other Enrolled," and "Completed" on the ETS website. The "Subset of Program Completers" is the total number of 2021-22 candidates listed as "Completed" on the ETS website.

Appendix B identifies the 2021-22 "Total Number of Individuals Enrolled" and "Subset of Program Completers" that universities should use when providing these numbers. Appendix B is based upon the information reported on the ETS website by institutions. Private providers

should also use the totals and number of completers on the ETS website. The candidates counted for Gender and Race/Ethnicity should be the same candidates who were counted for "Total Number of Individuals Enrolled" and "Subset of Program Completers" listed on the ETS website. Some data for Race and Gender can be found on the ETS website for 2021-22 candidates. Institutions can "Export" the data from the ETS website to identify numbers for Race and Gender for the 2021-22 total and the subset of completers. If data are missing for Race and Gender on the ETS website, institutions must check their records to determine the missing Race and Gender. Race and Gender should be reported for all candidates if data were provided to the institutions.

SECTION I: PROGRAM INFORMATION

Teachers Prepared

On this page, please enter the number of program completers by the subject area in which they were prepared to teach and by their academic majors. Note that an individual can be counted in more than one academic major and subject area. For example, if an individual is prepared to teach Elementary Education and Mathematics, that individual should be counted in both subject areas. If no individuals were prepared in a particular academic major or subject area, you may leave the cell blank. Please use the "Other" category sparingly if there is no similar subject area or academic major listed. In these cases, you should use the text box to describe the subject area(s) and/or the academic major(s) counted in the "Other" category.

If your IHE offers both traditional and alternative programs, be sure to enter the program completers in the appropriate reports. For the traditional report, provide only the program completers in traditional programs within the IHE. For the alternative report, provide only the program completers for the alternative programs within the IHE.

After entering the teachers prepared data, save the page using the floating save box at the bottom of the page.

Teachers Prepared by Subject Area

USDE Description:

Please provide the number of teachers prepared by subject area for academic year 2021-22.

For the purposes of this section, number prepared means the number of program completers. "Subject area" refers to the subject area(s) an individual has been prepared to teach. An individual can be counted in more than one subject area. If no individuals were prepared in a particular subject area, please leave that cell blank.

What are CIP Codes?

No teacher prepared in academic year 2021-22.

If your program has no teachers prepared, check the box above and leave the table below blank (or clear responses already entered).

What are CIP codes? The Classification of Instructional Programs (CIP) provides a taxonomic scheme that supports the accurate tracking and reporting of fields of study and program completions activity. CIP was originally developed by the U.S. Department of Education's National Center for Education Statistics (NCES) in 1980, with revisions occurring in 1985, 1990, and 2000 (<https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=55>).

CIP Code	Subject Area	Number Prepared
13.10	Education - General	
13.1202	Teacher Education – Elementary Education	
	Etc.	
13.99	Education – Other Specify:	

Advice from BoR & LDOE:

1. Appendix A has been provided to assist institutions in aligning Louisiana's certification areas to the USDE Subject Categories. This chart should be used when listing numbers for the Subject Area section of the *Title II Institution and Program Report Card*.
2. When counting students for Subject Areas, institutions should use the ETS website data for Certification Areas for Completers.
3. The Board of Regents (BoR) has created a list of all certification areas on the ETS website and matched those certifications to the USDE Subject Areas. The BoR is providing all universities with a copy of their list. Universities should use the list when recording numbers for Subject Areas or to check and make sure they entered the correct numbers. If numbers are not accurate on the list provided by the BoR, institutions should contact the BoR to provide correct information.
4. If there were no completers for a listed Subject Area, DO NOT TYPE "0" in the "Number Prepared" column. Only type numbers if there were completers for the listed Subject area.
5. The USDE no longer lists "Teacher Education: Secondary Education" or "Teacher Education – Multiple Levels" as choices on the dropdown menu. Thus, institutions DO NOT need to list or count those categories. If a candidate completed a certification in Mathematics at the secondary level, the institution would only count the candidate as "Teacher Education – Mathematics."
6. The USDE does not list specific foreign languages as choices on the dropdown menu.

The only choice is "Teacher Education – Foreign Languages." Thus, institutions need to determine the total for their Chinese, French, German, Italian, Latin, Russian, and/or Spanish Grades 6-12 and Grades K-12 programs and count them for the Subject Area of "Teacher Education – Foreign Languages."

7. The "Other" category will need to be used for the following: Other: Teacher Education – Environmental Science; Other: Teacher Education – Journalism; and Other: Teacher Education – Marketing. The CIP Code will be 13.99.
8. The USDE has indicated some areas where you will count the same 2021-22 program completer more than once in this section.

As noted above, institutions will no longer count Secondary and Multiple Level programs with just one content area twice. Only one content area will be counted.

The following are a few examples of situations when the same completer will be counted more than one time:

Examples:

- a. **Middle School English Completer:** Count for middle school (e.g., Teacher Education - Junior High/Intermediate/Middle School Education and Teaching) and count for content area(s) (e.g., Teacher Education – English/Language Arts, etc.). (Note: Some undergraduate middle school completers will be counted in three places if certified in more than one content area. They would be counted as middle school completers, counted for the first content certification area, and counted for the second content certification area.)
- b. **Elementary & Mild/Moderate Special Education** - Count for elementary education (e.g., Teacher Education –Elementary) and special education (e.g., Teacher Education – Special Education).
- c. **Middle School English & Mild/Moderate Special Education** – Count for middle school (e.g., Teacher Education - Junior High/Intermediate/Middle School Education), count for the content area (e.g., Teacher Education – English, etc.), and count for special education (e.g., Teacher Education – Special Education).
- d. **Secondary Biology & Mild/Moderate Special Education** - Count for Biology (e.g., Teacher Education Biology, etc.) and count for special education (e.g., Teacher Education – Special Education).
- e. **Health and Physical Education (Grades K-12)** – Count for the content "Teacher Education – Health" and count for the content "Teacher Education – Physical Education and Coaching."

Teachers Prepared by Academic Major

USDE Description:

Please provide the number of teachers prepared by academic major for academic year 2021-22. For the purposes of this section, number prepared means the number of program completers. "Academic major" refers to the actual major(s) declared by the program completer. An individual can be counted in more than one academic major. If no individuals were prepared in a particular academic major, please leave that cell blank. (§205(b)(1)(H))

Please note that the list of majors includes several "Teacher Education" majors, as well as several noneducation majors. Please use care in entering your majors to ensure education-specific majors and non-education majors are counted correctly. For example, if an individual majored in Chemistry, that individual should be counted in the "Chemistry" academic major category rather than the "Teacher Education – Chemistry" category.

Do participants earn a degree upon completion of the program?

- Yes
- No

No teachers prepared in academic year 2021-22

If your program does not grant participants a degree upon completion, or has no teachers prepared, leave the table below blank (or clear responses already entered).

CIP Code	Academic Major	Number Prepared
13.10	Teacher Education – Special Education	
01	Agriculture	
	Etc.	

Advice from BoR & LDOE:

If there were no completers for a listed Academic Major, DO NOT TYPE "0" in the "Number Prepared" column. Only type numbers if there were completers for the listed Major.

The USDE does NOT require institutions to identify Majors if their institutions do not offer degrees for the programs. Thus, institutions that offer alternative programs for the Practitioner Teacher and Certification-Only pathways are no longer required to complete this section of the Title II Institution Report. They check the circle that says that they do not offer degrees.

The process for counting majors has been simplified when compared to previous years. The following are examples of how it has been simplified.

In the past, institutions have aligned their Teacher Education Majors to the Disciplines/Subjects listed on the BoR Degree Inventory. Institutions will continue to do the same this year. The only difference is that it will be necessary for universities to add the following two Education Majors since they no longer appear as options on the dropdown list provided by the USDE:

Education Other: Teacher Education – Secondary Education Grades 6-12

Education Other: Teacher Education – Multiple Levels Grades K-12

Appendix A has been provided to assist institutions in aligning Louisiana's certification areas to the USDE Major Categories. This chart should be used when completing the Major section for Baccalaureate Degrees and Master of Arts in Teaching Degrees.

If a candidate completed a degree offered by a College of Education, the institution is required to use the CIP Codes and Education Major Names identified by USDE. If a candidate completes a degree in "Secondary Education and Teaching," the institution needs to list the major as "Other: Teacher Education – Secondary Education Grades 6-12 (CIP Code: 13.99)."

Appendix C has identified all "Education" degrees listed in the Board of Regents Degree Inventory for all public universities. Please see Appendix C to view the alignment of specific institution's education degrees and the corresponding USDE Education Majors/CIP Codes that should be selected or added (i.e., Teacher Education – Secondary Education Grades 6-12).

If a candidate completed a degree in a College of Arts, Sciences, Humanities, etc., USDE has identified the CIP Codes and Non-Education Major Names that institutions must use. The CIP Codes may not be the same as the CIP Codes used for the programs in the BoR Degree Inventory. For Title II purposes, the USDE CIP Codes are to be used. For example, if a candidate completed a secondary education program in the College of Arts/Science in Biology, the institution would use the following non-education Major Name and CIP Code: Biological and Biomedical Sciences (CIP Code: 26).

All Master of Arts in Teaching degrees are education degrees. Thus, the major should be selected from the "Teacher Education Majors" found in Appendix C.

If a candidate is certified in more than one area, they will be listed as having more than one USDE Major. As an example, if a Traditional candidate is being certified in Mild/Moderate: Secondary 6-12 and Mathematics (College of Arts/Sciences), they would be counted as having an Education Major of "Teacher Education: Special Education" (CIP Code: 13.10) and counted as having a Non-Education Major of "Mathematics and Statistics" (CIP Code: 27).

As an example, if a Master of Arts in Teaching candidate is being certified in Mild/Moderate: Middle Grades 4-8 in Science, they would be counted as having Education Majors of "Teacher Education: Special Education" and "Junior High/Intermediate/Middle School Education and Teaching."

SECTION I: PROGRAM INFORMATION

Program Assurances

USDE Description:

Respond to the following assurances. Note: Teacher preparation programs should be prepared to provide documentation and evidence, when requested, to support the following assurances.

1. Preparation responds to the identified needs of the local educational agencies or States where the program completers are likely to teach, based on past hiring and recruitment trends.
 - Yes
 - No
2. Preparation is closely linked with the needs of schools and the instructional decisions new teachers face in the classroom.
 - Yes
 - No
3. Prospective special education teachers are prepared in core academic subjects and to instruct in core academic subjects.
 - Yes
 - No
 - Program does not prepare special education teachers
4. Prospective general education teachers are prepared to provide instruction to students with disabilities.
 - Yes
 - No
5. Prospective general education teachers are prepared to provide instruction to limited English proficient students.
 - Yes
 - No
6. Prospective general education teachers are prepared to provide instruction to students from low-income families.
 - Yes
 - No
7. Prospective general education teachers are prepared to effectively teach in urban and rural schools, as applicable.
 - Yes
 - No

8. Describe your institution's most successful strategies in meeting the assurances listed above:

Advice from BoR & LDOE:

All questions must be answered. A narrative response should be provided for item #8.

If institutions do not offer special education programs to certify teachers, they should select "Program does not prepare special education teachers" when responding to item #3.

All institutions should respond "Yes" to item #5, which says, "Prospective general education teachers are prepared to provide instruction to limited English proficient students." All institutions are required to address *BESE Bulletin 746 - Subchapter C. General Teacher Competencies* that list the following: F. The teacher candidate differentiates instruction, behavior management techniques, and the learning environment in response to individual student differences in cognitive, socio-emotional, language, and physical development." All public universities must also address this as part of the INTASC standards.

SECTION II: ANNUAL GOALS

ANNUAL GOALS: MATHEMATICS

USDE Description:

Each institution of higher education (IHE) that conducts a traditional teacher preparation program (including programs that offer any ongoing professional development programs) or alternative route to state credential program, and that enrolls students receiving Federal assistance under this Act, shall set annual quantifiable goals for increasing the number of prospective teachers trained in teacher shortage areas designated by the Secretary or by the state educational agency, including mathematics, science, special education, and instruction of limited English proficient students. [§205\(a\)\(1\) \(A\)\(i\)](#), [§205\(a\)\(1\)\(A\)\(ii\)](#), [§206\(a\)](#)

Key terms in this section are listed below. Click on the link to view the definition(s) in the glossary.

- [Quantifiable Goals](#)

REPORT PROGRESS ON LAST YEAR'S GOAL (2021-22)

1. Did your program prepare teachers in mathematics in 2021-22? If no, leave the remaining questions for 2021-22 blank (or clear responses already entered).
 - Yes
 - No
2. Describe your goal.

3. Did your program meet the goal?
 - Yes
 - No
4. Description of strategies used to achieve goal, if applicable:
5. Description of steps to improve performance in meeting goal or lessons learned in meeting goal, if applicable:
6. Provide any additional comments, exceptions and explanations below:

REVIEW CURRENT YEAR'S GOAL (2022-23)

7. Is your program preparing teachers in mathematics in 2022-23? If no, leave the next question blank.
 - Yes
 - No
8. Describe your goal.

SET NEXT YEAR'S GOAL (2023-24)

9. Will your program prepare teachers in mathematics in 2023-24? If no, leave the next question blank.
 - Yes
 - No
10. Describe your goal.

NOTE FROM BOR & LDOE: GOALS FOR SCIENCE, SPECIAL EDUCATION, AND INSTRUCTION OF LIMITED ENGLISH PROFICIENT STUDENTS ASK THE SAME QUESTIONS

Advice from BoR & LDOE:

This information will be different for individual programs.

SECTION III: PROGRAM PASS RATES

Assessment Pass Rates

USDE Description:

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a

given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. (§205(a)(1)(B))

Please note that this page does not have an edit feature, as the pass rates have already been through several rounds of verification. If you identify an error, please contact the USDE Title II Support Center and your testing company representative.

Advice from BoR & LDOE:

On June 18, 2022, Gov. John Bel Edwards signed HB 546, which no longer requires candidates to take the Praxis Core Examination to enter teacher preparation programs. This means teachers would be allowed to teach if they have a bachelor's degree, are willing to take a content test, and are willing to enroll in a teacher preparation program. Institutions may have newly enrolled candidates during the Summer of Fall 2022 semesters that are showing "not pass" in ETS when the assessment is no longer required. The BoR/LDOE will correct the ETS passage rate reports and submit the correct versions of the ETS passage rate reports to the USDE Title II reporting agency. The passage rate reports will be uploaded on the USDE Title II reporting agency's website. Once the USDE uploads the passage rate reports, teacher preparation programs will view the reports on the USDE Title II reporting agency's website and determine if the corrected versions have been uploaded. If errors are found, the institutions should contact the BoR (universities only) or LDOE (private providers) State Contact Person for Title II (Teacher Preparation). The BoR or LDOE State Contact Person will notify the USDE Title II reporting agency about the corrections.

SECTION III: PROGRAM PASS RATES

Summary Pass Rates

USDE Description:

The pass rates table is populated from files provided by the testing company or state. The table provides information on the performance of the students in your teacher preparation program on each teacher credential assessment used by your state. In cases where a student has taken a given assessment more than once, the highest score on that test is used. In the case of a teacher preparation program with fewer than 10 scores reported on any single initial teacher credential assessment during an academic year, the program shall collect and publish information with respect to an average pass rate and scaled score on each state credential assessment taken over a three-year period. (§205(a)(1)(B))

Please note that this page does not have an edit feature as the pass rates have already been through several rounds of verification. If you identify an error, please contact the USDE Title II Support Center and your testing company representative.

Advice from BoR & LDOE:

The BoR/LDOE will correct the ETS passage rate reports and submit correct versions of the ETS passage rate reports to the USDE Title II reporting agency. The passage rate reports will be uploaded on the USDE Title II reporting agency's website. Once the USDE uploads the passage rate reports, teacher preparation programs will view the reports on the USDE Title II reporting agency's website and determine if the corrected versions have been uploaded. If errors are found, the institutions should contact the BoR (universities only) or LDOE State Contact Person for Title II (Teacher Preparation). The BoR or LDOE State Contact Person will notify the USDE Title II reporting agency about the corrections.

SECTION IV: LOW PERFORMING

Low Performing

USDE Description:

Provide the following information about the approval or accreditation of your teacher preparation program.

1. Is your teacher preparation program currently approved or accredited?

- Yes
- No

If yes, please specify the organization(s) that approved or accredited your program:

- State
- CAEP
- AAQEP
- Other specify:

2. Is your teacher preparation program currently under a designation as "low-performing" by the state?

- Yes
- No

Advice from BoR & LDOE:

Both "State" and "CAEP" should be selected if institutions are approved by the State and accredited by CAEP. No teacher preparation programs in Louisiana have been designated as "low-performing."

SECTION V: USE OF TECHNOLOGY

Use of Technology

USDE Description:

On this page, review the questions regarding your program's use of technology. If you submitted an IPRC last year, this section is preloaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

1. Provide the following information about the use of technology in your teacher preparation program. Please note that choosing "yes" indicates that your teacher preparation program would be able to provide evidence upon request. [§205\(a\)\(1\)\(F\)](#)

Does your program prepare teachers to:

- a. integrate technology effectively into curricula and instruction
 - Yes
 - No
 - b. use technology effectively to collect data to improve teaching and learning
 - Yes
 - No
 - c. use technology effectively to manage data to improve teaching and learning
 - Yes
 - No
 - d. use technology effectively to analyze data to improve teaching and learning
 - Yes
 - No
2. Provide a description of the evidence that your program uses to show that it prepares teachers to integrate technology effectively into curricula and instruction, and to use technology effectively to collect, manage, and analyze data in order to improve teaching and learning for the purpose of increasing student academic achievement. Include a description of the evidence your program uses to show that it prepares

teachers to use the principles of universal design for learning, as applicable. Include planning activities and a timeline if any of the four elements listed above are not currently in place.

Advice from BoR & LDOE:

No advice. This information will be different for individual programs.

SECTION VI: TEACHER TRAINING

Teacher Training

USDE Description:

Provide the following information about your teacher preparation program.

1. Provide a description of the activities that prepare general education teachers to:
 - a. Teach students with disabilities effectively
 - b. Participate as a member of individualized education program teams, as defined in section **614(d)(1)(B)** of the *Individuals with Disabilities Education Act*.
 - c. Effectively teach students who are limited English proficient.
2. Does your program prepare special education teachers?
 - Yes
 - No

If yes, provide a description of the activities that prepare special education teachers to:

- a. Teach students with disabilities effectively
- b. Participate as a member of individualized education program teams, as defined in section **614(d)(1)(B)** of the *Individuals with Disabilities Education Act*.
- c. Effectively teach students who are limited English proficient.

Advice from BoR & LDOE:

Question 1 should be answered by all institutions. Question 2 should be answered by those institutions that also offer Special Education for certification.

CONTEXTUAL INFORMATION

USDE Description:

On this page, review the contextual information about your program. If you submitted an IPRC last year, this section is preloaded from your prior year's report; please review and update as necessary.

After reviewing and updating as necessary, save the page using the floating save box at the bottom of the page.

Contextual Information

Please use this space to provide any additional information that describes your teacher preparation program(s). You may also attach information to this report card (see below). The U.S. Department of Education is especially interested in any evaluation plans or interim or final reports that may be available.

Supporting Files

You may upload files to be included with your report card. You should only upload PDF or Microsoft Word or Excel files. These files will be listed as links in your report card. Upload files in the order that you'd like them to appear.

Advice from BoR & LDOE:

This section is optional. Use this section to discuss other aspects of your programs that are important that were not included in this report.

Report Card Certification

Advice from BoR & LDOE:

A document titled "Key Questions That the BoR Asks When Checking Institutional Reports for Accuracy" has been provided in Appendix D to make institutions aware of key points that are observed by the BoR when reviewing report cards prepared by institutions. This document may assist you in determining if accurate information has been included in your institutional report.

Check this section of your institutional report to determine if there needs to be more information that needs to be included before you can certify the report.

Check this section to determine if numbers for this year are vastly different than previous years. If vastly different, make sure this year's numbers are correct.

The name for the "Certification of Review of Submission" should be the College of Education Dean, Director or Program, or other high-level administrators who will be held accountable for the accuracy of the report.

This section will be available during April and May for your program to certify your report. The USDE Title II reporting agency's website will close at 11:59 PM on May 19, 2023 based upon local time.

CONTACT PERSONS:

Advice from BoR & LDOE:

If you have questions about entering information for the USDE Title II report, first contact the following individuals to ask your questions. They will contact the USDE Title II reporting agency if a need exists.

Public/Private Universities: Melissa Anders (melissa.anders@laregents.edu)

Private Providers: Emily Smiley (emily.smiley@la.gov)

APPENDIX D

KEY QUESTIONS THAT THE BOR ASKS WHEN CHECKING INSTITUTIONAL REPORTS FOR ACCURACY

A. PROGRAM INFORMATION

1. Education dean/head should be listed as the Contact Person.
2. IPEDs ID should be listed for universities.

B. LIST OF PROGRAMS:

1. ALL programs approved by BESE must be selected from the USDE Title II program name categories. Corresponding USDE CIP Codes must be used.
2. Programs being phased out should be listed if institutions still have candidates enrolled in the programs.
3. Appendix A in the Louisiana USDE Title II Guide lists the Louisiana Certification Areas and identifies the corresponding USDE program names.
4. For undergraduate programs, only "UG" should be listed in the column that says "UG, PG, or Both. For alternative programs, only "PG" should be listed in the column that says "UG, PG, or Both.
5. The following groupings should be selected:
 - a. "Teacher Education - Foreign Language" for all 6-12 and K-12 individual languages.
 - b. "Junior High/Intermediate/Middle School Education and Teaching" for all Grades 4-8 programs. Also, Teacher Education for English/Language Arts, Mathematics, General Science, and/or Social Studies should also be listed if certifications are in those content areas.
 - c. "Teacher Education - Music" needs to be selected for both vocal and instrumental music.
 - d. "Teacher Education - Special Education" should be selected for all special education programs - none should be listed as "Other."
 - e. "Teacher Education - Health" and "Teacher Education – Physical Education and Coaching" should be selected for the Louisiana Certification of "Health and Physical Education."
6. The only "Education Other" programs listed should be: "Teacher Education – Environmental Science;" "Teacher Education – Journalism;" "Teacher Education – Marketing."
7. Institutions can include more specific information about their pathways for alternate programs in the Contextual section of the report.

C. PROGRAM REQUIREMENTS

1. Undergraduate Programs

- a. Only "initial certification" at the "Undergraduate Level" should be checked. "No" should be checked for "initial certification" at the "Postgraduate Level."
- b. As a minimum, all institutions should have selected the following requirement for entry and exit for they are state policy/law:
 - 1) Minimum GPA
- c. Median GPA of Completers no longer required.

2. Alternative Programs

- a. Only "initial certification" at the "Postgraduate Level" should be checked. "No" should be checked for "initial certification" at the "Undergraduate."
- b. As a minimum, all institutions should have selected the following requirement for entry and exit for they are state policy/law:
 - 1) Minimum GPA
- c. Median GPA of Completers no longer required.

D. SUPERVISED CLINICAL EXPERIENCE

1. Undergraduate Report

- a. Institutions must check "No" when asked if they offer programs with student teaching models. They must check "No" when asked if they offer undergraduate programs in which candidates are the teacher of record. Clinical clock hours are not needed prior to or during student teaching if "No" was selected.
- b. An explanation provided by the BoR needs to be typed in the box below where it says, "If there are no programs with a student-teacher model or teacher of record model, please describe the teaching model(s) used."

Institutions need to provide the following explanation in this section if they offer "One Year Residencies" under the direct supervision of a certified classroom teacher. Institutions can also add additional information about their One Year Residency after the following information. Institutions should especially provide additional information if they have been approved to offer an "Innovative Model."

"The Louisiana Board of Elementary Education's *Bulleting 996: Standards for Approval of Teacher Preparation and/or Educational Leader Preparation Programs* states that all Traditional Teacher Preparation Programs must have candidates complete a One-Year Residency in a public or approved non-public school classroom in the certification area with a teacher of record who holds a valid level 1, 2, 3, type A, or type B teaching certificate in the area for which the candidate is pursuing certification. For certification in B-K, PK-3, 1-5, or 1-5 integrated to merged, candidates must spend a minimum of 80 percent of the residency school site's instructional time each week engaged in residency activities. For certification in K-12, 4-8, 6-12, 4-8 integrated to merged or 6-12 integrated to merged, candidates must spend a minimum of 60 percent of the residency school site's instructional time each week in the first semester and 80 percent of the residency school site's instructional time each week in the second semester engaged in residency activities. Teacher preparation providers may seek approval to offer an innovative residency model that does not meet the minimum instructional time requirements but meets a specific workforce need and includes high-quality clinical experiences throughout the program and intensive clinical experiences throughout the residency year."

- c. **Optional tool** provided by USDE is provided to calculate full-time equivalent faculty. Numbers should be logical considering number of candidates teaching.
- d. Adjunct faculty and cooperating teachers/K-12 staff who are supervising clinical experience are now counted separately.

2. **Alternative Report**

- a. For student teaching, institutions need to check "No" when asked if they offer alternate programs with student teaching. Clinical clock hours are not needed prior to or during student teaching if "No" was selected.
- b. For student teaching, an explanation provided by the BoR needs to be typed in the box below where it says, "If there are no programs with a student teacher model or teacher of record model, please describe the teaching model(s) used."

"The following pertains to an option of "One Year Residencies" that are offered for Alternate candidates under the direct supervision of a certified teachers. The Louisiana Board of Elementary Education's *Bulleting 996: Standards for Approval of Teacher Preparation and/or Educational Leader Preparation Programs* states that all Traditional Teacher Preparation Programs must have candidates complete a One-Year Residency in a public or approved non-public school classroom in the certification area with a teacher of record who holds a valid level 1, 2, 3, type A, or type B teaching certificate in the area for which the candidate is pursuing certification. For

certification in B-K, PK-3, 1-5, or 1-5 integrated to merged, candidates must spend a minimum of 80 percent of the residency school site's instructional time each week engaged in residency activities. For certification in K-12, 4-8, 6-12, 4-8 integrated to merged or 6-12 integrated to merged, candidates must spend a minimum of 60 percent of the residency school site's instructional time each week in the first semester and 80 percent of the residency school site's instructional time each week in the second semester engaged in residency activities. Teacher preparation providers may seek approval to offer an innovative residency model that does not meet the minimum instructional time requirements but meets a specific workforce need and includes high-quality clinical experiences throughout the program and intensive clinical experiences throughout the residency year."

- c. For teacher of record, check "Yes or No" when asked if they offer programs in which candidates are the teacher of record.
- d. For teacher of record, clock hours prior to teaching as the teacher of record will usually be "0." If clock hours are required, the number should be the average of all hours for all of the alternative programs offered.
- e. Institutions need to list the number of years of teaching as teacher of record to complete the program.
- f. *Optionaltool* provided by USDE to calculate full-time equivalent faculty. Numbers should be logical considering number of candidates teaching
- g. Adjunct faculty and cooperating teachers/K-12 staff supervising clinical experience are now counted separately.

E. ENROLLMENT AND PROGRAM COMPLETERS

1. "Total Number of Individuals Enrolled" must be provided for ALL candidates listed as "All but Completed," "Other Enrolled," and "Completed" on the ETS website for the 2021-22 cohort year.
2. The "Subset of Program Completers" are the number of completers listed on the ETS website.
3. Appendix B in the Louisiana USDE Title II guide provides the numbers that should be listed for "Total Number of Individuals Enrolled and "Subset of Program Completers" for 2021-22.
4. If needed, Gender and Race can be found on the ETS website by "Exporting" the 2021-22 candidate data.
5. Are the numbers in the USDE Title II reports the same as what is on the ETS website?
6. Do the numbers for Gender and Race add up to the numbers for Total Enrolled and Subset of Program Completers?

F. TEACHERS PREPARED

1. Subject Areas

- a. Counts for "Teacher Education – Secondary" and "Teacher Education – Multiple Levels" are no longer required by the USDE for Subject Areas.
- b. Count for "English/Language Arts, Mathematics, General Science, and Social Studies" needs to be counted for both Grades 4-8 certifications and for Grades 6-12 certifications.
- c. Mild/moderate certifications need to be counted for both "Teacher Education – Special Education" and other areas of certification (e.g., "Teacher Education – Special Education and Teacher Education – Elementary," "Teacher Education – Special Education and Teacher Education – Mathematics, etc.).
- d. Individual types of Louisiana certifications are now counted as larger Subject Area grouping for "Teacher Education – Foreign Languages," "Teacher Education – Music," and "Teacher Education – Special Education."
- e. The only "Other" listings should be for: "Teacher Education – Environmental Science," "Teacher Education – Journalism," and "Teacher Education – Marketing."
- f. A document provided by the BoR to universities this spring that aligns Louisiana Certification Areas to USDE Subject Areas can be used when completing this section. The only major differences are that Secondary and Multiple Levels are no longer counted and all individual foreign languages are now counted as the Subject Area of "Teacher Education – Foreign Languages."
- g. Are the numbers in the Institutional Reports for Subject Areas consistent with the numbers generated by the BoR for what is reported on the ETS website for areas of certification?

2. Majors

- a. Institutions that offer Certification-Only and Practitioner Teacher Alternative programs only have to check "No" to the question "Do participants earn a degree upon completion of the program?" and do not have to identify Majors for completers.
- b. Universities that have Master of Arts in Teaching (MAT) programs must identify Majors.
- c. Appendix C has been provided in the Louisiana USDE Title II guide to align Education Degrees on the Board of Regents Degree Inventory to USDE Major Teacher Education names.
- d. The following two "Other" categories need to be added for USDE Education Majors: "Teacher Education – Secondary Education Grades 6-12 (CIP Code: 13.99)" and "Teacher Education – Multiple Levels Grades K-12 (CIP Code: 13.99)."

- e. The "Teacher Education – Secondary Education Grades 6-12 (CIP Code: 13.99)" category should be used by universities that offer the following degrees:
 - 1) Baccalaureate Degrees in Secondary Education and Teaching
 - 2) MAT Degrees in Secondary Education
- f. Universities that offer degrees that are in Colleges of Arts, Sciences, Humanities, etc., must use the Non-Education Major names provided by the USDE Title II reporting agency. Appendix A in the Louisiana USDE Title II guide shows the alignment of Louisiana certifications to the USDE's non-education Major names.
- g. The only "Other" USDE "Non-Education Major" name listed should be "Other: General Science (CIP Code: 99)."
- h. Are the numbers of Majors listed consistent with numbers of completers and Subject Areas for undergraduates?

G. PROGRAM ASSURANCES

- 1. Question 3 provides the option of "Yes," "No," or "Program does not prepare special education teachers." Programs that do not offer special education certification need to select the third option.

H. ANNUAL GOALS

- 1. If institutions answer "Yes" to the first question for the Goals, they must respond to all of the questions.
- 2. If institutions offer Special Education certifications, they need to respond to all of the Special Education goal questions.

I. LOW PERFORMING

- 1. Question 1 provides institutions with four options regarding the approval/accreditation of their programs. If institutions have been approved by the State and CAEP/NCATE, they need to select both "State" and "CAEP." If they previously wrote "NCATE" as "Other," they need to delete "NCATE" and select both "State" and "CAEP."

J. TEACHER TRAINING

- 1. All institutions should have answers for 1a., 1b. and 1c. Institutions that offer special education certifications must also have answers for 2a., 2b. and 2c.

K. CONTEXTUAL INFORMATION

1. Institutions can provide information about different alternate pathways and specific foreign languages.
