#### 

July 29, 2015 Memorandum to Users

Due to the merging of collecting Student Credit Hour (SCH) data with SSPS, many new fields are being added to accurately compile SCH data from the SSPS submission. In addition to the new fields, several fields are being expanded upon to add additional values to report. The following fields are being added or modified as a result of this effort:

#### Academic Term Term Part Prisoner Indicator

In addition to the fields above, the Board of Regents would like to more accurately capture information related to minimum admission standards and placement. In regards to those efforts, the following fields are being added or modified:

Admission Test Type Full-Time/Part-Time Status Cohort Identifier Admitted by Exception Flag Regents' Core Grade Point Average High School English Grade Point Average English Subscore Test Type – renamed to English Placement Test Type English Subscore – renamed to English Placement Score Math Subscore Test Type – renamed to Math Placement Test Type Math Subscore – renamed to Math Placement Score Developmental Course Flag

As a result of these combined efforts, the **ENROLLED AT CENSUS DATE FLAG** for each course will no longer be captured. All of these modifications are effective beginning with the 2015-2016 academic year.

February 24, 2015 Memorandum to Users

To comply with Act 837 of the 2014 Legislative Session, running **FTFEDIT** and **FTFMTCH** will no longer be required. All references to the above programs have been removed.

September 12, 2013 Memorandum to Users

The First-Time Full-Time Edit report (FTFEDITRPT) and the First-Time Full-time Freshmen Match report (FTFMTCHRPT) have been added to the SSPSWEB application and is set to run automatically. Users will see two new columns on their respective report pages showing the FTFEDITRPT and FTFMTCHRPT reports. Both of these reports should be looked over and verified. To that end checkboxes have been added to the Certify form and are required to the checked as part of the certification process.

#### 

#### April 5, 2013 Memorandum to Users

With the growth in the development of and interest in distance learning technologies, it is important to have information about the choices students make in their academic course offerings. The *E-Learning* field deals with whether the course section is taken (completed by the student) through electronic/distance education, and the degree to which that is so. For example, students enrolled in a course section that is 100% online will never have to show up on campus, even though they might choose to take some other courses on site; students in a course section that is 50-99% online (Hybrid) would have to come on campus, at least for an occasional exam. Choose the code corresponding to the level of *E-Learning* delivery the student experiences for the <u>course section</u>. There should be no blank fields. The choices are below. Effective by Fall 2013-2014 data collection cycle.

E-Learning:

Indicate whether the course is taken

**O** = 100% Online **H** = 50-99% Online = Hybrid **S** = Less than 50% Online (or > 50% on site)

#### 

December 05, 2012 Memorandum to Users

Beginning with the Fall 2012-2013 SSPS data collection cycle, institutions will submit SSPS data using the new web interface application accessible from the Board of Regents Web Applications Menu.

#### 

#### December 07, 2011 Memorandum to Users

Beginning with the Fall 2011-2012 SSPS data collection cycle, institutions will begin reporting those students working towards graduate certificates using the new degree level of **70**.

#### 

#### September 16, 2010 Memorandum to Users

Beginning with the Fall 2010-2011 SSPS data collection cycle, institutions will begin reporting the cumulative hours earned for each student. See the record layout for the proper placement and format of the new data. As mentioned above, submission of this new metric is mandatory for the Fall 2010-2011 data collection cycle.

#### 

#### March 30, 2010 Memorandum to Users

For the Winter/Spring 2009-2010 SSPS data collection, institutions may report SSPS data using the newest ethnicity codes if they choose. In an earlier memorandum, you were told that the Board of Regents will not be implementing these new codes until Fall 2010-2011. We have since decided that we will, in fact, implement the new ethnicity codes. Submission of these new ethnicity codes will be optional during the Winter/Spring submission and mandatory for the Fall 2010-2011 submission.

#### 

#### December 21, 2009 Memorandum to Users

Beginning Fall 2009-2010, institutions may report the new Admission Test Type using the new code "E" for the International English Language Testing System for those students using this system rather than TOEFL. The Board of Regents will also accept the associated test score for this new admission test. Reporting this new test score will be optional for Fall 2009-2010, and will become mandatory in Fall 2010-2011. See the updated definition for Admission Test Score for an example on how to code the IELTS score.

#### 

#### November 03, 2009 Memorandum to Users

Beginning Fall 2009-2010, institutions may report using the new ethnicity codes if they choose. However, the Board of Regents will not be implementing these new codes until Fall 2010-2011. In the meantime, the editing process will:

- a) cross-walk the new ethnicity code of 5 (Native Hawaiian or Other Pacific Islander) into the old ethnicity code of 1 (Asian or Pacific Islander)
- b) cross-walk the new ethnicity code of 9 (Two or more races) into the old ethnicity code of 8 (Race/Ethnicity Unknown).

Please keep this in mind in order to avoid confusion.

#### 

#### March 01, 2008 Memorandum to Users

Beginning Winter/Spring 2007-2008, institutions can report an institutional common id (12 bytes) which can be used to assist in editing the student unit data. The SSN is still a **required** field, but will not be used to identify students in the Edit/Error reports. The institutional common id will be printed on the reports instead. See Definitions for specific instructions in using the institutional common id.

#### 

#### October 05, 2004 Memorandum to Users

		This student may also participate in state registered pre- apprenticeship/apprenticeship program such as the <u>High-Demand</u> <u>Apprenticeship Pathway</u> . This pathway offers a wide range of careers and post-secondary pathways to pursue after participating in a Louisiana Workforce Commission registered pre-apprenticeship/apprenticeship program.
		A CIP code/program of study should be reported for these students. This admission status is valid for preparatory (PR) students only. PR students should be reported as non-degree seeking, to align to IPEDS reporting requirements.
U	FF (Fast Forward) Academic	A student who plans to earn a high school diploma and associate degree via the <u>TOPS U Pathway</u> - This pathway allows students to earn a universal transfer degree or technical associate degree while also earning a TOPS University Diploma OR through structured course sequencing pathways through HS and Post-SEC MOU's.

# agreements. Include preparatory (PR) students here. See Appendix G regarding PR students.

If a student is enrolled in course work on both campuses, **both institutions**, irrespective of the conditions of the programs or agreements, should report these students.

For example: A student enrolled in a degree program at institution A and cross-enrolled in a course at (or being taught by) institution B would be reported as Admissions Status "1", "2", "3", etc. at institution A and as Admissions Status "X" at institution B.

If a student is enrolled in course work as a visiting student only and not enrolled on the home campus, the campus he/she is visiting should report the student.

For example: A student enrolled in a degree program at institution A does not enroll at institution A for the summer semester, but enrolls at institution B as a visiting student. Institution B would report that student as Admissions Status "X".

Admission Test Score: To be reported for FIRST-TIME STUDENTS. This should be the highest composite or total score (four characters) achieved by the student on the standardized test used to determine admission. (Note: In the absence of ACT or SAT, TOEFL (or IELTS or MTELP) scores would be submitted for all foreign students and non-resident aliens, regardless of age.) Numeric scores must be right justified and left-filled with zeroes. For example, an ACT score of 27 would be coded as 0027; an SAT total score of 1600 would be coded as 1600; or a TOEFL score of 550 would be coded as 0550. An IELTS score of 7.5 would be coded as 0075. For students age 25 and above, only use Admission Test Type "Z" when there is no other Admission Test Score (in which the Admission Test Score is blank). <u>High School Class Percentile Rank:</u> To be reported for **FIRST-TIME STUDENTS**. The student's high school class rank, as reported by the submitting institution. Three-character numeric data field that is right justified and left-filled with zeroes. For example, a student who ranks 42nd in a class of 200 students would be reported as (200-42)/200 and therefore at the 79th percentile and would be coded as **079**. If the student was home-schooled, or has earned a **GED**, there will be no High School Percentile Rank included on his/her transcript, and this field can be blank.

High School Code: For all high school graduates, code the six-character code assigned to each high

school by ACT (see **Appendix E** for Louisiana High School Codes). For unknown Louisiana codes, code all zeroes, i.e., *000000*. For GED students, code *999997*. Data is reported as a four-character data field, to thousandths, and using a 4.000 grading scale. For example, a student with a HSGPA of 3.854 would be coded as **3854**. This may be blank only for those students with GEDs, adults age  $\geq$  25, international students, or first-time students at open admission (2year) institutions, when the information is not available.

If your college does not assign student ID's, then leave this field blank, and the last four (4) digits of the students' SSN will be included in the edit reports instead.

**Institution Code:** A two-character code developed by the Board of Regents for Louisiana Institutions. The first character identifies the institutional system. This code provides for the state systems of colleges and universities and the classification of other traditional institutions. To permit an improved representation, the institution code in **Appendix A** includes a period to separate the system designation from the institutional designation. The code is processed, however, as a two-character code without periods.

<u>Math Placement Score</u>: To be reported for both **PREPARATORY** and **FIRST-TIME STUDENTS of any** age or citizenship. This should be the highest Math score (four characters) achieved by the student on the standardized test used to determine admission and placement. Numeric scores must be right justified and left-filled with zeroes. For example, an ACT score of 27 would be coded as **0027**; an SAT total score of 800 would be coded as **0800**. The score for a recently passed qualifying course with a grade greater than or equal to "C" would be blank.

Code **N** if the course does not utilize OER or AER resources. Code **Z** for PLA courses. If a course uses a mix of both OER and AER, the course should be labeled as AER as long as it meets the requirements for the designation.

Per Act 125/SB117, OER and AER are defined as follows:

**OER** – "Open educational resource" or "OER" means a teaching, learning, or research resource that is in the public domain or has been released under an intellectual property license that permits the free use, adaptation, and redistribution of the resource by any person. If the student is living in Louisiana (a resident for the respective term/semester), on or off campus, report "R". If there is a special circumstance such as military deployment or training which would require on-line course enrollment, you may also report the student as an "R". If the student is NOT enrolled in all online courses, please leave this field blank.

#### Parish/State/Country:

- (1) If a student is a resident of the State of Louisiana, code the high school parish from which he/she graduated. (See Appendix B.)

#### Note: This field cannot be blank.

Prior Learning Assessment (PLA): Enter the code to indicate which prior learning assessment was taken.

**M** = Military

To differentiate between military type, use the following section codes when reporting the course record: **ACRE** (Ace Credit) or **TREX** (Military training or experience: DD 214)

A = AP Credit

**I** = IB Credit (International Baccalaureate) **C** = CLEP Credit

 $\mathbf{D} = \mathbf{D}\mathbf{S}\mathbf{S}\mathbf{T}$  Credit

 $\mathbf{N}$  = Institutional or Departmental Challenge Exam

**P** = Portfolio

**S** = Scores (examples are ACT/SAT/ALEKS)

**W** = IBC (Industry Based Credit)

Prior learning assessments must be reported with a term part of "Z".

Please see the **PLA Technical Guide** for additional guidance.

<u>**Prisoner Identifier:**</u> Code **P** if the student is incarcerated and is attending an institution that is authorized to teach prisoners. Otherwise, enter a blank space.

**Program Admission Flag:** Code *N* if the Program Classification has additional admission criteria which have NOT been met by the student. Code a blank space if the program does not have additional admission criteria or the student has been formally admitted to the program of study (do *NOT* code low-values).

<u>Program Classification</u>: A six-digit CIP (Classification of Instructional Programs) code followed by a twodigit Degree Level Code and Increment Key. The two-digit increment key completes the full unique program classification taxonomy. Together, these codes should correspond to an individual student's major field of study or curriculum/program objective identified in the BoR Inventory of Degree and Certificate Programs. **This field cannot be blank**.

- (1) Each institution should assure that reported CIP code (declared major), Degree Level Code, and Increment Key fields correspond to approved curricula as currently reported on the Board of Regents' *Inventory of Degree and Certificate Programs*
- (2) For students uncommitted to a program of study, such as a first-time entering students, non-matriculating students or exchange students, code all zeroes in the CIP field, but code the level of the degree they are seeking in the Degree Level Code field and *00* in the Increment Key field.
- (3) For non-degree seeking students, code all zeroes in the CIP field, but code **ND** in the Degree Level Code field and **00** in the Increment Key field.
- (4) For undergraduate students who choose a major that is not approved for the reporting institution, and who intend to transfer to an institution which does grant his/her chosen undergraduate degree, code 240000 for the CIP code and the appropriate undergraduate Degree Level Code for the program to which the student intends to transfer. For these programs, code 00 in the Increment Key field.

**<u>Regents' Core Grade Point Average:</u>** To be reported for **FIRST-TIME STUDENTS**. The student's GPA on the Regents/TOPS Core courses from the final high school transcript. Data is reported as a four-character data field, to thousandths. For example, a student with a HSGPA of 3.854 would be coded as **3854**.

The Core GPA should be the same as the TOPS GPA as reported in STS which converts grades on

designated AP, IB, DE, GT and Honors courses to a weighted 5.0 scale; however, it may be calculated on a straight 4.0 scale. This may not be blank for any student with BoR Core Flag = Y or S. This may be blank for those students with GEDs, adults age  $\geq$  25, international students, or first-time students at open admission (2-year) institutions, when the information is not available.

The student identifier should include a "T" in the first position (indicating a temporary number), followed by the Institutional Code in the next two positions. If an institution reports students with temporary SSNs, these same temporary SSNs should be reported for the affected students throughout their college careers. This field cannot be blank.

<u>Student Name:</u> The format of the name fields are as shown in the record layout of this document and consists of Last Name, First Name, Middle Initial and Suffix. Changes in student name status, like changes in Student Identification Number, should be forwarded to the Board of Regents. **This field cannot be blank.**

Helpful Notes and Information

#### **Helpful Notes and Information**

#### 1. <u>Sources for the SSPS Data File:</u>

The sources for the revised student profile are actually a combination of both the census date snapshot and the end-of-term enrollment files. This reporting protocol change was necessary to meet two seemingly unrelated goals of the revision process:

- a) inclusion of "end-of-term" outcomes in the new SSPS
- b) minimize the reporting burden on our campuses

Technically, a suggested methodology for "building your file" would be to:

- a) Freeze the file at the census date (include all necessary components available at the census date).
- b) During the fall semester, internally edit/validate fields such as SSN, Name, Admission status, degree level, Major, High School information, Gender, and other "non-outcomes" fields that will be included in the report.
- c) Freeze the end-of-term file that includes the outcomes measures required for reporting.
- d) Perform a full outer join of the two files (by internally defined key). This will allow you to include students who added after the census date as well as "pick-up" the end of term outcomes required in the report.
- e) Edit/validate data based on internally defined criteria.
- f) Submit file to BoR begin edit cycle.

Although the above methodology is somewhat oversimplified, it does provide a summary of the processes necessary for building the final file reported to the Regents by January 15 (for fall). The same process applies to the Winter, Spring and Summer submissions.

#### 2. <u>Preparatory Students:</u>

These students are defined as still attending high school and have not yet received their high school diplomas (or GEDs). When a preparatory student is concurrently enrolled in high school and a college, the **student level** of the student is **PR** and the **Admission Status** of the student is **X** = **Visiting**.

#### 3. Inclusion of Intersessions:

The best test for inclusion of an inter-session with the regular semester data would be if the inter-session is part of the term grading cycle. For example, consider the Spring semester. When a student receives Spring grades, are the intersession grades on the Spring grade report? If they are, then include the intersession course data. If they are not, then send the intersession data as a separate file.

#### **Helpful Notes and Information**

#### 4. Special Course Designations:

- For Degree Only students, use **DEGO** as the course abbreviation.
- For Exchange students, use **EXCH** as the course abbreviation.
- For students registered in absentia, use **ABST** as the course abbreviation.
- For those students having withdrawn from the institution, use **WDRW** as the course abbreviation.

Example:

Course Abbrev	Enrolled at Census Date		Section Number	6-Digit CIP Code	Credit Hours	Course Grade
DEGO	Y or N	9999	0001	000000	0.0	NC* or NG*
DEGR	Y or N	9999	0001	000000	0.0	NC* or NG*
EXCH	Y or N	9999	0001	000000	0.0	NC* or NG*
ABST	Y or N	9999	0001	000000	0.0	NC* or NG*

Note: Course abbreviation, course number, section number and course grade are institutional specific and should be reported consistent with institution taxonomy. For example, if the reporting institution uses a three-byte course number, 999 should be used. In addition, the institutional "no grade" code should be reported for course grade.

\*NC is No Credit \*NG is No Grade

#### 5. <u>Reporting those fields on which final admission decisions were made:</u>

The Board of Regents expects those fields affecting final admission decisions to be reported. These fields are:

High School Grade Point Average High School Percentile Rank High School Graduation Year Admission Test Type Admission Test Score Board of Regents' Core Flag

Additionally, beginning Fall 2015: Admitted by Exception Flag Regents' Core Grade Point Average English Subscore Test Type – renamed to English Placement Test Type English Subscore – renamed to English Placement Score Math Subscore Test Type – renamed to Math Placement Test Type Math Subscore – renamed to Math Placement Score High School English Grade Point Average High School Math Grade Point Average

#### 6. <u>Reporting Students that Attended a Summer Session Prior to the Fall Semester</u>

This deals with the new variable called **Attended Summer Session** (page 8) and applies to all students.

Code **"Y"** in column 145 if the student attended any of the summer sessions directly prior to the Fall semester being reported. This includes students that:

- a) registered by the census day, or
- b) added classes after the census day, or
- c) completed the summer session, or
- d) failed to complete the summer session and have no grades

Otherwise, leave the column **blank** if the student **did not** attend any of the Summer sessions directly prior to the Fall semester being reported.
