LAND HOLDING SUMMARY

BRFI0060

"Acres" refers to the actual number of acres an institution possesses.

"Book Value" of acreage is the estimated value of the property.

"Land Type" is derived from "Classification of Land" on the Land Holding Data Sheet. The <u>Facilities Manual</u> refers to two types: Agricultural land - farmland or land whose primary purpose is raising crops, livestock, etc., or performing related experiments; and "Other Land" - all remaining parcels of land.

"Location" of land refers to the codes for parishes, states, or countries which best describe the locations of parcels of land owned or occupied by the institution.

"Same Parish" refers to land located in the same parish as the institution.

"Other Parishes" refers to land located in parishes other than where the institution is located.

"Out of State" refers to land located outside of Louisiana.

"Foreign" refers to land outside of the United States.

A total for all institutions appears at the bottom of the page.
