

## Act 129 – Licensed Academic Degree Granting Institutions

Any academic degree granting institution not part of a Louisiana public university is regulated under La. R.S. 1808, created as under Act 129 and therefore are often referred to as Act 129 schools for short. These institutions are not assigned a license number under the law, so the school’s IPEDS number are used for license numbers. Schools that are conditionally licensed, or who do not receive federal funds and therefore do not have an IPDS number were assigned numbers for Data Collection purposes. Please confirm your institutions assigned license number below.
