Student Level Enrollment and Completions Data System Specifications

June 2024

New for this year

We have changed how we want dates to be reported to us. Please use a Date format of mm/dd/yyyy for the Enrollment Start Date, Birthdate, and Completion Date.

FAQ/Tips

What do I do if I don't know the exact start or completion date?

- Enrollment Date: If you don't know the exact starting date, please use the 15th of the month in which they started.
- Completion date: If you don't know the exact completion date, please use the 15th of the month in which they completed.

What is a CIPCODE?

A CIPCODE is a <u>six-character</u> code developed for the National Center for Educational Statistics (NCES), which corresponds to a major field of study. All your programs have an associated CIPCODE already assigned. You should have received an Official Listing of your proved programs which includes the appropriate CIPCODE for programs that you provide. For additional information on CIPCODEs, you can visit the NCES' web site at this link: https://nces.ed.gov/ipeds/cipcode/Default.aspx?y=56.

What are my Programs and how are they defined?

The Programs that you provide to your students consists of a specific CIPCODE with a specific PROG_CERT (or degree/certification Level). Also, it includes an additional variable that will help further define or differentiate the program from other similar programs at your institution. This differentiating variable is called a CIP_Extra. The use of CIPCODE/PROG_CERT/CIP_Extra defines a specific program at your institution. Your Official Programs have been identified and shared with your institution already. However, if you need to refer to your Official Programs, you can contact us via this link and we will send you your specific program listing.

mailto:EC-Helpdesk@laregents.edu.

Why do I need to provide the Students' SSN?

 First, we take the security of our Louisiana Citizen Students' personal identifiable information (PII) very seriously. We will never share or report on individual student's PII data. We will only use aggregate data in our reports. We do use students SSN to help clarify student information. We do combine student data from several different data sources, such as our Public institutions or against data from the Louisiana Work Force Commission.

Student Program Status, what is this?

 This is a variable that indicates possible Outcomes for your students. This is an end of term/academic-year indicator that helps us determine what happened to the student after participating in one of your programs. Please see the Student Program Status definition further down in this document.

Due Date:

Annual Submission. The Submission Period will open on July 29th, 2024 and close on August 12th, 2024.

Period Covered:

Report on all Students who enrolled in courses that are part of a specific program during the period July 1, 2023 through June 30, 2024.

Reporting Process:

Registering your Institution and Institution Representative Process

You will submit your institution's Student data through the Enrollment/Completions System at the Louisiana Board of Regents' Web Site. A registration hyperlink will be provided by the Board of Regents to the institution's representative. This link will take you to the Enrollment/Completions System's registration page. On the Enrollment/Completions System's registration page, you will select your institution and provide a valid e-mail address, your full name, and contact information. This information is critical for the Board of Regents staff to contact you regarding any type of issues with your data submission or the data itself. After you submit the Institution's name, your name, and email address in this registration process, you will receive an e-mail confirming the completion of the registration process. Registration is a one-time process.

Submitting the Data

After completing the registration process, your access to the Enrollment/Completions System will allow you safe and secure access to submit your data file. Once you have registered, you will be able to log into the system. During the collection period, you will see icons to upload your data. Pay careful attention that the button you select matches the data you are uploading. After clicking on the button, select your data file from your file system and submit your upload. Once your file is uploaded, the system will process your file. You will receive an e-mail when your file is finished processing. If there are any validation errors or data issues, the Board of Regents will notify you to discuss any data related issues and discuss ways to correct and resubmit any needed corrections.

Notes:

A student must be enrolled in the required course work of a specific program to be listed in this data file. A specific program is defined as a unique and unduplicated combination of Institution code, CIPCODE, CIP Extra, PROG CERT. A student may be listed more than once if they are enrolled in more than one unique set of these variables.
