Student Level Enrollment and Completions Data System Specifications for Validated Skills and Learning

June 2024

New for this year

We are combining last year's Enrollment and Completions files submission format into a single data file format. You no longer need to submit two separate enrollment and completion files.

We have added additional fields. One to collect additional information on the student's disposition such as if the student is still enrolled at the end of the academic period, if the student Withdrew, Completed, etc. The second field added asks if the student participated in Work Based Training as part of their specific program.

Due Date:

Annual Submission. The Submission Period will open on July 29, 2024 and close on August 12, 2024.

Period Covered:

Report on all Students who enrolled in courses that are part of a specific program during the period July 1, 2023 through June 30, 2024.

Reporting Process: TBD

Registering your Institution and Institution Representative Process
Submitting the Data

Notes:

A student must be enrolled in the required course work of a specific program to be listed in this data file. A specific program is defined as a unique and unduplicated combination of Institution code, CIPCODE, INCREKEY, and Degree Level. A student may be listed more than once if they are enrolled in more than one unique set of these variables. The specific program must be on the LCTCS' Official Program Inventory as documented by Dr. William Tulak.
