## Definitions

**Academic Date:** This data element will span five positions of the record. The fifth position will indicate the academic term as specified below. **This field cannot be blank.**

<u>TERM</u>	<u>CODE</u>
Summer Semester/Quarter	1
Fall Semester/Quarter	2
Winter Quarter	3
Spring Semester/Quarter	4
Other	5
Summer Intersession	6
Fall Intersession	7
Winter Intersession	8
Spring Intersession	9

The first four positions will be the **beginning year** of the academic/fiscal year; that is, if the academic year is 2001-2002, code **2001**.

For example:

- 1) For Fall Semester/Quarter of Academic Year 2001-2002, code as **20012**.
- 2) For Spring Semester/Quarter Academic Year 2001-2002, code as **20014**.

**NOTE: The Summer semester/quarter is considered as the beginning of the academic year.** Summer Intersession is defined as the period of time between the regular Summer and regular Fall terms. Fall Intersession is defined as the period of time between the regular Fall and regular Spring terms. Winter Intersession is defined as the period of time between the regular Winter Quarter and the regular Spring Quarter. Spring Intersession is defined as the period of time between the regular Spring term and the regular Summer term.

**Academic Standing at End of Term:** The student's academic standing, as determined by the reporting institution, at the end of the reported term. Code **G** for Good Standing, **P** for Probation, **S** for Suspension and **W** for Withdrawn from school. **This field cannot be blank.**

**Admission Status:** The student's current standing with regard to his/her attendance experience at the reporting institution. Admission status should be the same across all term parts within in a term. **This field cannot be blank.**

<u>Code</u>	<u>Title</u>	<u>Description</u>
1	First-Time Student	An entering student who has never attended any college (or other postsecondary institution). Includes students enrolled in the fall term who attended college for the first time in the prior summer term. Also includes students who entered with advanced standing (college credits earned before graduation from high school).
2	New Graduate Student	A student who enters the institution classified as a Graduate Level Student ( <b>G1</b> or <b>G2</b> ) for the first time (e.g., a student who attended the institution as an undergraduate will still be classified as a new graduate student when he/she is first admitted to this level).
3	Other Student	Any student who fails to fit into any of the other admission status categories.
4	Transfer Student	A student who enrolls at an institution for the first time who has previously attended another postsecondary institution. This includes new students enrolled in the fall term who transferred into the institution the prior summer. <b>Students classified as visiting students or First-time Student should be excluded.</b> See the exception to this definition for First-Time Student above.

5	Continuing Student	<p>A student enrolled in a particular term who also enrolled in the previous regular term or summer term and who do not qualify as first-time students or transfer students. <b>A regular term is defined as a fall or spring semester and a fall, winter, or spring quarter.</b></p>
6	Readmitted Student	<p>A student enrolled for a particular term who previously enrolled at your institution but <b>were not</b> enrolled under the conditions specified above for continuing students.</p>
7	New Professional	<p>A student who enters the institution as a professional student (law, dentistry, medicine, veterinary medicine) for the first time. A student who attended the institution at another level will be classified as a new professional student when he/she is first admitted to this level.</p>
C	FF (Fast Forward) CTE	<p>A student who plans to earn a high school diploma and associate degree via the <u>Jump Start 2.0 Pathway</u>. This pathway encompasses a wide range of careers and post-secondary pathways to pursue after earning a technical associate degree while also earning a Jump Start TOPS Tech Career Diploma.</p> <p>This student may also participate in state registered pre-apprenticeship/apprenticeship program such as the <u>High-Demand Apprenticeship Pathway</u>. This pathway offers a wide range of careers and post-secondary pathways to pursue after participating in a Louisiana Workforce Commission registered pre-apprenticeship/apprenticeship program.</p> <p>A CIP code/program of study should be reported for these students. This admission status is valid for preparatory (PR) students only. PR students should be reported as non-degree seeking, to align to IPEDS reporting requirements.</p>
D	Degree Only	Reverse Transfers
U	FF (Fast Forward) Academic	<p>A student who plans to earn a high school diploma and associate degree via the <u>TOPS U Pathway</u> - This pathway allows students to earn a universal transfer degree or technical associate degree while also earning a TOPS University Diploma OR through structured course sequencing pathways through HS and Post-SEC MOU's.</p> <p>A CIP code/program of study should be reported for these students. This admission status is valid for preparatory (PR) students only. PR students should be reported as non-degree seeking, to align to IPEDS reporting requirements.</p>
X	Visiting Student	<p>A student who is enrolled in one or more courses at, or being taught by, your institution, but whose home institution is another campus or high school. Include all students who are visiting your campuses (e.g., cross-registered, cross-enrolled, dual-enrolled, concurrently enrolled, summer only, etc.) by formal or in-formal inter-institutional cooperative programs or agreements. <b>Include Preparatory (PR) students here. See Appendix G regarding PR students.</b></p> <p>If a student is enrolled in course work on both campuses, <b>both institutions</b>, irrespective of the conditions of the programs or agreements, should report these students.</p>

*For example: A student enrolled in a degree program at institution A and cross-enrolled in a course at (or being taught by) institution B would be reported as Admissions Status “1”, “2”, “3”, etc. at institution A and as Admissions Status “X” at institution B.*

If a student is enrolled in course work as a visiting student only and not enrolled on the home campus, the campus he/she is visiting should report the student.

*For example: A student enrolled in a degree program at institution A does not enroll at institution A for the summer semester, but enrolls at institution B as a visiting student. Institution B would report that student as Admissions Status “X”.*

**Admission Test Score:** To be reported for **FIRST-TIME STUDENTS**. This should be the highest composite or total score (four characters) achieved by the student on the standardized test used to determine admission. **(Note: In the absence of ACT or SAT, TOEFL (or IELTS or MTELP) scores would be submitted for all foreign students and U.S. nonresidents, regardless of age.)** Numeric scores must be right justified and left-filled with zeroes. For example, an ACT score of 27 would be coded as **0027**; an SAT total score of 1600 would be coded as **1600**; or a TOEFL score of 550 would be coded as **0550**. An IELTS score of 7.5 would be coded as **0075**. For students age 25 and above, only use Admission Test Type “Z” when there is no other Admission Test Score (in which the Admission Test Score is blank). If a student has an Admission Test and a Test Score, including international students from non-English-speaking countries, report the Admission Test Type and Test Score, regardless of age. Admission Test Score may be blank if the student was admitted based on the Core GPA (Admission Test Type “G”).

**Admission Type:** To be reported for **FIRST-TIME STUDENTS**. This is the type of standardized test taken by the student used to determine admission. (May be blank for 2-year schools, if the information is not available.) Use the following codes:

Data is reported as a four-character data field, to thousandths. For example, a student with a HSGPA of 3.854 would be coded as **3854**.

The Core GPA should be the same as the TOPS GPA as reported in STS which converts grades on designated AP, IB, DE, GT and Honors courses to a weighted 5.0 scale; however, it may be calculated on a straight 4.0 scale. This may not be blank for any student with BoR Core Flag = Y or S. This may be blank for those students with GEDs/HiSET, adults age  $\geq 25$ , international students, or first-time students at open admission (2-year) institutions, when the information is not available.

Code **1** if the student is eligible for inclusion in the First-Time in College cohort and is a First-Time Student with Admission Status of 1. Code **4** if the student is eligible for inclusion in a Transfer cohort and is a Transfer Student with Admission Status of 4. Otherwise, enter a blank space. Additional note: Regardless of full-time / part-time status, a degree-seeking, First-Time Student with Admission Status of 1 must have a Cohort code of 1, and Transfer Student with Admission Status of 4 must have a Cohort code of 4.

"No credit" or non-credit courses should have a value of 000.0 (zero) and be coded as **0000**. Actual credit earned should be reflected for variable credit courses. **This field cannot be blank.**

**Course Grade:** The grade given for the course. Single-character grades should be reported left justified and right-filled with a space, e.g., an A would be coded as "A ". **This field cannot be blank, there must be a grade.**

**Course Modality:** Indicates whether the course is taken:

O = 100% Online  
 H = 50-99% Online (Hybrid)  
 S = Less than 50% Online (or > 50% on Site)  
 Z = PLA Course  
 C = Course choice (on site) Valid for PR students only  
 D = Course choice (hybrid) Valid for PR students only  
 E = Course choice (100% online) Valid for PR students only  
 W = Work Based Learning

**Note: This field cannot be blank.**

**Course Number:** The standard official institutionally-assigned number or other identification that serves to uniquely identify a course and is usually related to the academic level of the course. This field should be left justified and padded with blanks if necessary. The course abbreviation and course number should match the course identification scheme as suggested in the institution catalog. **This field cannot be blank.**

**Cumulative Hours Earned:** The student's cumulative hours earned (including all transfer work) as recognized by the submitting institution. This may be defined at your institution as total hours earned or total hours completed. Data are reported as a five (5) character data field, to tenths. For example, a student with total hours earned of 95.5 would be coded as **00955**.

**Cumulative Overall Grade Point Average:** The student's average on all courses attempted (including all transfer work) as recognized by the submitting institution. This may be defined at your institution as cumulative, overall and/or adjusted GPA. Data are reported as a four-character data field, to thousandths, and uses a 4.000 grading system. For example, a student with a COGPA of 2.854 would be coded as **2854**.

**Current Term Grade Point Average:** The student's GPA for the current reported term, as recognized by the submitting institution. Data are reported as a four-character data field, to thousandths, and uses a 4.000 grading system. For example, a student with a term GPA of 3.854 would be coded as **3854**.

**English Placement Score:** To be reported for both **PREPARATORY** and **FIRST-TIME STUDENTS** of any age or citizenship. This should be the highest English score (four characters) achieved by the student on the standardized

test used to determine admission and placement. Numeric scores must be right justified and left-filled with zeroes. For example, an ACT score of 27 would be coded as **0027**; an SAT total score of 800 would be coded as **0800**. The score for a recently passed qualifying course with a grade greater than or equal to "C" would be blank.

**English Placement Test Type:** To be reported for both **PREPARATORY** and **FIRST-TIME STUDENTS**. This is the type of standardized test taken by the student used to determine placement. Use the following codes:

<b>Test Type</b>	<b>Code</b>	<b>Valid Score Range</b>

**Fee Residence:** A student who is not assessed out-of-state fees will be considered a Louisiana resident. The determination of whether or not a student should pay out-of-state fees rests with the institution. (This data should be used for determining a student's residency for fee purposes only and may not necessarily represent his actual home residence.) Students who **are not assessed** out-of-state fees should be coded **Y**. Students who **are assessed** out-of-state fees should be coded **N**. **This field cannot be blank.**

**First-Generation Student Flag:** A first-generation college student is a student whose parents/guardians did not complete an undergraduate degree. Code a **Y** if the student is a first-generation student. Otherwise, leave this field blank.

**Full-Time/Part-Time Status:** Enter **F** for full-time student status, or **P** for part-time student status. The status reported should be relative to the number of credit hours the institution considers to be full-time. The sum of all term parts should be used to determine full-time/part-time status.

**High School Class Percentile Rank:** To be reported for **FIRST-TIME STUDENTS**. The student's high school class rank, as reported by the submitting institution. Three-character numeric data field that is right justified and left-filled with zeroes. For example, a student who ranks 42nd in a class of 200 students would be reported as (200-42)/200 and therefore at the 79th percentile and would be coded as **079**. If the student was home-schooled, or has earned a **GED/HiSET**, there will be no High School Percentile Rank included on his/her transcript, and this field can be blank.

**High School Code:** For all high school graduates and dual enrolled students, code the six-character code assigned

to each high school by ACT (see **Appendix E** for Louisiana High School Codes). For unknown Louisiana codes, code all zeroes, i.e., **000000**. For GED and HiSET students, code **999997**. For out-of-state high schools in which the ACT code is unknown or not available, code **999998**. For foreign graduates, code all nines, i.e., **999999**. For home-schooled students, code **999996**. **This field cannot be blank for first-time in college students and dual enrollment students, regardless of age.**

**High School English Grade Point Average:** The student's high school GPA on all English courses, as calculated by the admitting institution. The final transcript should be used, calculating the GPA by using the best four non-remedial English courses, or by using all courses numbered 120XXX. Data is reported as a four-character data field, to thousandths. For example, a student with a HSGPA of 3.854 would be coded as **3854**.

**High School Grade Point Average:** To be reported for both **PREPARATORY** and **FIRST-TIME STUDENTS**. For Preparatory students, report the HSGPA as reported for Dual Enrollment eligibility each semester. For First-Time Students (Admit Status 1): the student's unweighted final overall high school GPA. Data is reported as a four-character data field, to thousandths, and using a 4.000 grading scale. For example, a student with a HSGPA of 3.854 would be coded as **3854**. This may be blank only for those students with GEDs/HiSET, adults age  $\geq 25$ , international students, or first-time students at open admission (2-year) institutions, when the information is not available.

**High School Graduation Year:** A four-character numeric code for the calendar year in which the student received his/her high school diploma or the equivalent thereof. If the student did not receive a diploma or the equivalent, leave this field blank.

**High School Math Grade Point Average:** The student's high school GPA on all Math courses, as calculated by the submitting institution. The GPA can be calculated using the best four non-remedial math courses, or by using all courses numbered 16XXXX. Data is reported as a four-character data field, to thousandths. For example, a student with a HSGPA of 3.854 would be coded as **3854**.

**Increment Key:** A two-digit numeric key assigned by the Board of Regents' staff, which gives each academic program record a unique key. (See Inventory of Degree and Certificate Programs for details.) **This field cannot be blank.**

**Institution Common ID:** Student ID other than the social security number. This field is included to assist the campus' editing process. If your college does not assign student ID's, then leave this field blank, and the last four (4) digits of the students' SSN will be included in the edit reports instead.

**Institution Code:** A two-character code developed by the Board of Regents for Louisiana Institutions. The first character identifies the institutional system. This code provides for the state systems of colleges and universities and the classification of other traditional institutions. To permit an improved representation, the institution code in **Appendix A** includes a period to separate the system designation from the institutional designation. The code is processed, however, as a two-character code without periods.

**Math Placement Score:** To be reported for both **PREPARATORY** and **FIRST-TIME STUDENTS of any age or citizenship**. This should be the highest Math score (four characters) achieved by the student on the standardized test used to determine admission and placement. Numeric scores must be right justified and left-filled with zeroes. For example, an ACT score of 27 would be coded as **0027**; an SAT total score of 800 would be coded as **0800**. The score for a recently passed qualifying course with a grade greater than or equal to "C" would be blank.

**Math Placement Test Type:** To be reported for both **PREPARATORY** and **FIRST-TIME STUDENTS**. This is the type of standardized test taken by the student used to determine placement. Use the following codes:

Test Type	Code	Valid
		Score Range
ACCUPLACER Arithmetic	B	20 – 120
ACCUPLACER College-Level Math	C	20 – 120
ACCUPLACER Elem Algebra	D	20 – 120

**Military Flag:** A veteran is a former or current member of the United States Armed Forces or organized militia of the several states and territories. Code a **V** for Veteran, **D** for dependent, or **S** for spouse as it relates to military status. Otherwise, leave this field blank.

**OER/AER:** To be reported for all courses. Code **O** for courses that exclusively utilize OER resources. Code **A** for courses that exclusively utilize AER resources. Code **N** if the course does not utilize OER or AER resources. Code **Z** for PLA courses. If a course uses a mix of both OER and AER, the course should be labeled as AER as long as it meets the requirements for the designation.

Per Act 125/SB117, OER and AER are defined as follows:

**OER** – “Open educational resource” or “OER” means a teaching, learning, or research resource that is in the public domain or has been released under an intellectual property license that permits the free use, adaptation, and redistribution of the resource by any person. The term may include full course curricula, course materials, modules, textbooks, media, assessments, software, and any other tools, materials, or techniques, whether digital or otherwise, used to support access to knowledge.

**AER** – “Affordable educational resource” or “AER”, means a single or collection of required educational resources that may be offered at no or low cost to a student through a postsecondary education institution or an affiliated college bookstore at a pre-sales tax cost to a student that does not exceed an amount equal to four times the federal minimum wage. AER includes copyright protected material purchased by a library and provided to a student at no cost.

**Online Only Student Flag:** To be reported for all out-of-state students enrolled only in online classes. If the student resides out of state, report “O”. If the student is living in Louisiana (a resident for the respective term/semester), on or off campus, report “R”. If there is a special circumstance such as military deployment or training which would require on-line course enrollment, you may also report the student as an “R”. If the student is NOT enrolled in all online courses, please leave this field blank.

### **Parish/State/Country:**

- (1) If a student is a resident of the State of Louisiana, code the high school parish from which he/she graduated. (**See Appendix B.**)
- (2) If the student is not a Louisiana high school graduate, but is a Louisiana resident, code the parish of residency.
- (3) For students who are either U.S. citizens or lawful residents of the United States of America and not Louisiana residents, code the state/U.S. territory of origin. (**See Appendix C**)
- (4) For students who are not U.S. Citizens and
  - (a) carry F or J visas, or some other visa, and are in this country on a temporary basis without the right to remain indefinitely, code the country of origin. (**See Appendix D.**)

(b) Have been lawfully admitted to the U.S. (hold a Permanent Residence Card, formerly called a "green card"), or have been granted political asylum or refugee status, code the country of origin. (See Appendix D).

**Note: This field cannot be blank.**

**Prior Learning Assessment (PLA):** Enter the code to indicate which prior learning assessment was taken.

<b>M</b>	Military
	To differentiate between military type, use the following section codes when reporting the course record: <b>ACRE</b> (Ace Credit) or <b>TREX</b> (Military training or experience: DD 214)
<b>A</b>	AP Credit
<b>I</b>	IB Credit (International Baccalaureate)
<b>C</b>	CLEP Credit
<b>D</b>	DSST Credit
<b>N</b>	Institutional or Departmental Challenge Exam
<b>P</b>	Portfolio
<b>S</b>	Scores (examples are ACT/SAT/ALEKS)
<b>W</b>	IBC (Industry Based Credit)
<b>K</b>	WorkKeys NCRC (National Career Readiness Certificate)

Prior learning assessments must be reported with a term part of **W, X, Y, or Z**.

Please see the **APPENDIX H** for additional guidance.

**Prisoner Identifier:** Code **P** if the student is incarcerated and is attending an institution that is authorized to teach prisoners. Otherwise, enter a blank space.

**Program Admission Flag:** Code **N** if the Program Classification has additional admission criteria which have NOT been met by the student. Code a blank space if the program does not have additional admission criteria or the student has been formally admitted to the program of study (do NOT code low-values).

**Program Classification:** A six-digit CIP (Classification of Instructional Programs) code followed by a two-digit Degree Level Code and Increment Key. The two-digit increment key completes the full unique program classification taxonomy. Together, these codes should correspond to an individual student's major field of study or curriculum/program objective identified in the BoR Inventory of Degree and Certificate Programs. **This field cannot be blank.**

- (1) Each institution should assure that reported CIP code (declared major), Degree Level Code, and Increment Key fields correspond to approved curricula as currently reported on the Board of Regents' *Inventory of Degree and Certificate Programs*
- (2) For students uncommitted to a program of study, such as a first-time entering students, non-matriculating students or exchange students, code all zeroes in the CIP field, but code the level of the degree they are seeking in the Degree Level Code field and **00** in the Increment Key field.
- (3) For non-degree seeking students, code all zeroes in the CIP field, but code **ND** in the Degree Level Code field and **00** in the Increment Key field.

- (4) For undergraduate students who choose a major that is not approved for the reporting institution, and who intend to transfer to an institution which does grant his/her chosen undergraduate degree, code **240000** for the CIP code and the appropriate undergraduate Degree Level Code for the program to which the student intends to transfer. For these programs, code **00** in the Increment Key field.

**Program Modality:** Indicates whether the program of study is

- O** - 100% online
- H** - 50-99% online (hybrid)
- S** - less than 50% online

This field may be left blank.

**Section Number:** The official institution number or other identifier(s) that serve to uniquely identify the section of a course. This field should be right justified and padded with zeroes if necessary. **This field cannot be blank.**

**Student Identification Number:** The number assigned to the student by the Social Security Administration.

**For those students not having a Social Security number, (e.g., foreign students) the institution will assign a student identifier. The student identifier should include a "T" in the first position (indicating a temporary number), followed by the Institutional Code in the next two positions.** If an institution reports students with temporary SSNs, these same temporary SSNs should be reported for the affected students throughout their college careers. **This field cannot be blank.**

**Student Name:** The format of the name fields are as shown in the record layout of this document and consists of Last Name, First Name, Middle Initial and Suffix. Changes in student name status, like changes in Student Identification Number, should be forwarded to the Board of Regents. **This field cannot be blank.**

**Student Level:** The total accredited work by a student which reflects institutionally accepted progress toward a degree or certificate. Student level should be the same across all term parts within a term. **This field cannot be blank.**

## **Helpful Notes and Information**

1. **Sources for the SSPS Data File:**

The sources for the revised student profile are actually a combination of both the census date snapshot and the end-of-term enrollment files. This reporting protocol change was necessary to meet two seemingly unrelated goals of the revision process:

- a) inclusion of "end-of-term" outcomes in the new SSPS
- b) minimize the reporting burden on our campuses

Technically, a suggested methodology for "building your file" would be to:

- a) Freeze the file at the census date (include all necessary components available at the census date).
- b) During the fall semester, internally edit/validate fields such as SSN, Name, Admission status, degree level, Major, High School information, Gender, and other "non-outcomes" fields that will be included in the report.
- c) Freeze the end-of-term file that includes the outcomes measures required for reporting.
- d) Perform a full outer join of the two files (by internally defined key). This will allow you to include students who added after the census date as well as "pick-up" the end of term outcomes required in the report.
- e) Edit/validate data based on internally defined criteria.
- f) Submit file to BoR - begin edit cycle.

Although the above methodology is somewhat oversimplified, it does provide a summary of the processes necessary for building the final file reported to the Regents by January 15 (for fall). The same process applies to the Winter, Spring and Summer submissions.

2. **Preparatory Students:**

These students are defined as still attending high school and have not yet received their high school diplomas (or GEDs). When a preparatory student is concurrently enrolled in high school and a college, the **student level** of the student is **PR** and the **Admission Status** of the student is **X = Visiting**.

3. **Inclusion of Intersessions:**

The best test for inclusion of an inter-session with the regular semester data would be if the inter-session is part of the term grading cycle. For example, consider the Spring semester. When a student receives Spring grades, are the intersession grades on the Spring grade report? If they are, then include the intersession course data. If they are not, then send the intersession data as a separate file.

#### 4. Special Course Designations:

- For Degree Only students, use **DEGO** as the course abbreviation.
- For Exchange students, use **EXCH** as the course abbreviation.
- For students registered in absentia, use **ABST** as the course abbreviation.
- For those students having withdrawn from the institution, use **WDRW** as the course abbreviation.

Example:

Course Abbrev	Enrolled at Census Date	Course Number	Section Number	6-Digit CIP Code	Credit Hours	Course Grade
DEGO	Y or N	9999	0001	000000	0.0	NC* or NG*
DEGR	Y or N	9999	0001	000000	0.0	NC* or NG*
EXCH	Y or N	9999	0001	000000	0.0	NC* or NG*
ABST	Y or N	9999	0001	000000	0.0	NC* or NG*

*Note: Course abbreviation, course number, section number and course grade are institutional specific and should be reported consistent with institution taxonomy. For example, if the reporting institution uses a three-byte course number, 999 should be used. In addition, the institutional "no grade" code should be reported for course grade.*

\*NC is No Credit

\*NG is No Grade

#### 5. Reporting those fields on which final admission decisions were made:

The Board of Regents expects those fields affecting final admission decisions to be reported. These fields are:

High School Grade Point Average  
 High School Percentile Rank  
 High School Graduation Year  
 Admission Test Type  
 Admission Test Score  
 Board of Regents' Core Flag

Additionally, beginning Fall 2015:

Admitted by Exception Flag  
 Regents' Core Grade Point Average  
 English Subscore Test Type – renamed to English Placement Test Type  
 English Subscore – renamed to English Placement Score  
 Math Subscore Test Type – renamed to Math Placement Test Type  
 Math Subscore – renamed to Math Placement Score  
 High School English Grade Point Average  
 High School Math Grade Point Average

6. **Reporting Students that Attended a Summer Session Prior to the Fall Semester**

This deals with the new variable called **Attended Summer Session** and applies to all students.

Code “Y” if the student attended any of the summer sessions directly prior to the Fall semester being reported. This includes students that:

- a) registered by the census day, or
- b) added classes after the census day, or
- c) completed the summer session, or
- d) failed to complete the summer session and have no grades

Otherwise, leave the column **blank** if the student **did not** attend any of the Summer sessions directly prior to the Fall semester being reported.

## **PLA Reporting Technical Guide**

### **Board of Regents Reporting Guidance: Prior Learning Assessment, A.A. Policy 2.23**

The Board of Regents Prior Learning Assessment (PLA) policy will be used to grant undergraduate college credit, certification, or advanced standing toward further education or training representative of those non-traditional educational experiences listed in Academic Affairs Policy 2.23.

Pursuant to Academic Affairs Policy 2.23, in every case in which PLA credit is awarded, the institution should ensure that the student's learning matches the learning outcomes and is assessed based on the expectations of equivalent courses found in standard articulation tables such as the Louisiana Common Course Catalog and the Statewide Course Articulation Matrix. Whenever possible, credit equivalent to courses on the Articulation Matrix should be awarded.

Recognizing the various types of PLA utilized by institutions, this policy provides guidance for reporting in Regents' Statewide Student Profile System (SSPS). **The credit awarded will be excluded from student credit hours counted in the funding formula; therefore, it is important that all PLA be identified properly. Courses should be reported in the semester in which they are awarded, which will include all demographic and student information relative to their enrollment status and traditional course enrollments. The term part will be used to identify PLA. This can be reported in the following ways:**

- Institutions may choose to report PLA in regular semester/term file submission for which a student is enrolled OR as part of an intersession file submission.
  - Regular semester submission: Data should be included in a regular semester/term file submission for which a student is enrolled: Summer "1", Fall "2", Winter "3", or Spring "4".
  - Intersession submission: PLA data should be reported in the intersession belonging to the regular semester in which the student enrolled (summer intersession, fall intersession, winter intersession, spring intersession).
- For students enrolled and awarded PLA in a summer term, institutions have the option to report the summer PLA course data in the subsequent "regular" term that the student enrolls.
- In addition to using term part "Z", "W", "X", and "Y" can also be used for a total of 80 PLA course records awarded to the student in a respective semester/term.
- Please note OER/AER and e-learning fields cannot be left blank; report "Z" in the appropriate fields.
- This applies to all student levels and admission status types and can be awarded at any time.
- Demographic information must be consistent with what is reported in the "regular" academic term SSPS file submission (Fall or Spring).
- Hours awarded do not count toward a student's full- or part-time status.

- Hours awarded should be included in cumulative hours earned.
- Institutional course abbreviation, course number, CIP code, and associated course hours must be identified in the applicable fields in the format identified in SSPS file specifications.
- If credit is not awarded for a specific course, course information should be aligned with the discipline or general education category (course abbreviation), level (course number), and subject content (CIP code), in addition to hours awarded. The format must align with SSPS file specifications.
- Grades are a required field in SSPS reporting; however, NG (No Grade) and P (Pass) are valid options.

There are two types of PLA classifications: standardized and non-standardized. Valid codes for each should be reported in the “**PLA**” field (formerly “contact hour” field), as follows:

### 1. Standardized

M	Military
A	Advanced Placement (AP)
C	CLEP
I	International Baccalaureate (IB)
S	Scores (examples are ACT/SAT/ALEKS)
W	Industry-Based Certificate/Certification (IBC)
K	WorkKeys NCRC (National Career Readiness Certificate)

### 2. Non-Standardized

N	Institutional or departmental challenge exam
P	Portfolio evaluation, Continuing Education Unit (CEU)

When awarding military credit, the type must be identified in the course “**section number**” field. This field cannot be left blank; therefore, institutions may use this field for internal tracking or any other alphanumeric combination:

ACRE	ACE credit
TREX	Military training or experience

Please note that to pass SSPS edits, the OER/AER and e-learning fields cannot be left blank; report “Z” in the appropriate fields. See the example below:

Due to the merging of collecting Student Credit Hour (SCH) data with SSPS, many new fields are being added to

accurately compile SCH data from the SSPS submission. In addition to the new fields, several fields are being expanded upon to add additional values to report. The following fields are being added or modified as a result of this effort:

**Academic Term**  
**Term Part**  
**Prisoner Indicator**

In addition to the fields above, the Board of Regents would like to more accurately capture information related to minimum admission standards and placement. In regards to those efforts, the following fields are being added or modified:

**Admission Test Type**  
**Full-Time/Part-Time Status**  
**Cohort Identifier**  
**Admitted by Exception Flag**  
**Regents' Core Grade Point Average**  
**High School English Grade Point Average**

**English Subscore – renamed to English Placement Score**  
**Math Subscore Test Type – renamed to Math Placement Test Type**  
**Math Subscore – renamed to Math Placement Score**  
**Developmental Course Flag**

As a result of these combined efforts, the **ENROLLED AT CENSUS DATE FLAG** for each course will no longer be captured. All of these modifications are effective beginning with the 2015-2016 academic year.

With the growth in the development of and interest in distance learning technologies, it is important to have information about the choices students make in their academic course offerings. The *E-Learning* field deals with whether the course section is taken (completed by the student) through electronic/distance education, and the degree to which that is so. For example, students enrolled in a course section that is 100% online will never have to show up on campus, even though they might choose to take some other courses on site; students in a course section that is 50-99% online (Hybrid) would have to come on campus, at least for an occasional exam. Choose the code corresponding to the level of *E-Learning* delivery the student experiences for the course section. There should be no blank fields. The choices are below. Effective by Fall 2013-2014 data collection cycle.

For the Winter/Spring 2009-2010 SSPS data collection, institutions may report SSPS data using the newest ethnicity codes if they choose. In an earlier memorandum, you were told that the Board of Regents will not be implementing these new codes until Fall 2010-2011. Beginning Fall 2009-2010, institutions may report the new Admission Test Type using the new code "E" for the International English Language Testing System for those students using this system rather than TOEFL. The Board of Regents will also accept the associated test score for this new admission test. Reporting this new test score will be optional for Fall 2009-2010, and will become mandatory in Fall 2010-2011. of Regents will not be implementing these new codes until Fall 2010-2011. In the meantime, the editing process will:

- a) cross-walk the new ethnicity code of 5 (Native Hawaiian or Other Pacific Islander) into the old ethnicity code of 1 (Asian or Pacific Islander)
- b) cross-walk the new ethnicity code of 9 (Two or more races) into the old ethnicity code of 8 (Race/Ethnicity Unknown).
